National Youth Day, also known as Vivekananda Jayanti, is celebrated on 12 January, being the birthday of Swami Vivekananda. In 1984 the Government of India declared this day as National Youth Day and since 1985 the event is celebrated in India every year. It was a decision of Government of India taken in 1984 to celebrate the birthday of great Swami Vivekananda, i.e. 12 January, as National Youth Day every year. The Government of India quoted that 'the philosophy of Swamiji and the ideals for which he lived and worked could be a great source of inspiration for the Indian Youth Day. On 12 January 2013, Former Indian Prime Minister Manmohan Singh told in his address at the inauguration of four-year-long celebrations of Swami Vivekananda's 150th birth anniversary.

What Gandhiji said captures the great importance of spreading Swami Vivekananda's ideas and ideals among the youth in our country today. He personified the eternal energy of the youth and their restless quest for truth. It is entirely fitting that the Government of India has declared 12th January, the birthday of Swami Vivekananda, as National Youth Day. We must work to rekindle the eternal message of this great patriot and son of India.

The National Youth Day is observed all over India at schools and colleges, with processions, speeches, music, youth conventions, seminars, Yogasanas, presentations, competitions in essay-writing, recitations and sports on 12 January every year. Swami Vivekananda's lectures and writings, deriving their inspiration from Indian spiritual tradition and the broad outlook of his Master Sri Ramakrishna Paramahansa. These were the source of inspiration and have motivated numerous youth organizations, study circles and service projects involving the youth.

Swami Vivekananda's birthday (12 January 1863), according to the Indian Almanac (Vishuddha Siddhanta Almanac) is on Pausha Krishna Saptami tithi, which falls on different dates in the English Calendar every year (generally in the month of January). This is observed in various centres of Ramakrishna Math and Mission in a traditional Hindu manner which includes mangal arati (a kind of worship practised in India, especially by Hindu people), special worship, homa (fire-ritual), meditation, devotional songs, religious discourses and sandhya-arati (vesper service at evenings). The National Youth Day is observed all over India at schools and colleges, with processions, speeches, music, youth conventions, seminars, Yogasanas, presentations, competitions in essay-writing, recitations and sports on 12 January every year.

For the event, chief guest was Ms. Geetha Menon, the co-founder of Stree Jagruti Samiti and also a Joint Secretary of Domestic Workers Rights Union. Three decades ago, she began her journey towards fighting injustice and exploitation of the working and toiling people. Her inspiration has always been the working-class women of India who continue to stand strong in the face of caste based and patriarchal oppression. She has been closely involved with the women workers in the informal economy and helped them find their voices. Ms. Menon has been at the forefront of community issues, domestic violence and sexual harassment as well as trafficking, that forcibly immobilize and captivate women further restricting their presences in the public sphere. Any human rights violation has been strongly opposed, and in the quest for a society where exploitation of Man over Man, Man over Woman, Man over Nature will end. Ms. Menon is the recipient of the prestigious *Citizen Individual of the Year* award by Namma Bengaluru, the Nirbhaya Award regarding women's safety and empowerment. and has been honoured with several local and national awards in the field of women empowerment, achievement and social entrepreneurship. She has won many Government Boards, as well as on the POSH committee regarding sexual harassment at the workplace. Her achievement is summed up as "A mother of two girls"!!

Ms. Geetha Menon's valuable talk on female welfare triggered the entire audience. She brought ideas on, how men become a benchmark to measure the female traits. The comparison should not be made among the genders, as every gender including queer has to be embraced and considered as unique. She also added, rather than inculcating gender specifications such as femininity and masculinity, it is advisable to nurture individuality.

A token of love to Ms. Geetha Menon

Token of Gratitude to the Chairman

We have presented a short video as a tribute to great Indian women in history. Women today, more than ever before, have gone against the grain of male-dominated societies and cultures. Even though there are numerous women deserving honour in their field of excellence, we have named a few famous Indian women here who have made a lasting impression on the world through this short video presentation. The journey of Jhansi Ki Rani, Kalpana Chawla, Sarojini Naidu, Indira Gandhi, Kiran Mazumdar Shaw, P V Sindhu, and so on will make us proud every moment in life.
