- (4) Ensure that the recycling processes do not have any adverse effect on the health and the Environment;
- (5) Make available all records to the Central Pollution Control Board or the concerned State Pollution Control Board for inspection;
- (6) Ensure that residue generated during recycling process is disposed of in an authorised treatment storage disposal facility;
- (7) File annual returns in Form-3, to the concerned State Pollution Control Board as the case may be, on or before 30th day of June following the financial year to which that returns relates;
- (8) May accept waste electrical and electronic equipment or components not listed in Schedule-I for recycling provided that they do not contain any radioactive material and same shall be indicated while taking the authorisation from concerned State Pollution Control Board.

II. The applicant shall comply with the Guidelines for implementation of E-waste (Management) Rules, 2016 issued by CPCB for recyclers as follows:

1. Recyclers may set up their collection centres, details of which shall be entered in their authorisation. These collection centres shall not require separate authorisation. Recyclers can obtain raw material such as waste electrical and electronic assemblies or components or used components from producers/PRO/e-waste exchange/dismantlers and consumers/bulk consumers.
2. The Product of recyclers has to be sent or sold to users or other recyclers having valid CTO from SPCBs/PCCs. Any hazardous waste generated during the recycling processing will be sent to TSDF.
3. A recycler should be part of producer's channelization system.
4. A recycler should have Weigh Bridge and other appropriate weighing equipment for weighing each delivery received by it and maintains a record in this regard.
5. The unloading of end of life product should be carried out in such a way that there should not be any damage to health, environment and to the product itself. A recycler should have facilities for destroying or permanently deleting data stored in the memory of end of life products (Hard Disk, Telephones, and Mobile phones) either through shredding or grinding or through data eraser.
