Best Practice-1

Inculcating the spirit of research among faculty for a progressive technological growth

- **Title of the Practice:**Inculcating the spirit of research among faculty for a progressive technological growth
- **Objectives:**
 - To improve quality in the teaching-learning process
 - To enhance quality in UG and PG projects
 - To publish papers in referred international/national Journals and conferences
 - To undertake collaborative projects and consultancy for long term interaction with the academia and industry
 - To attain IPRs
 - To get research projects from several funding agencies
- **The context:** Research is a never ending quest for knowledge, which may be used to promote progress for the society. Today's world is rapidly developing giving way and scope for new research initiatives to have a better life.
- **The Practice:** Teaching and research must go together. With this aim, research is promoted by the college in the following ways and means:
 - Sponsoring for seminars/conference/workshops
 - Financial incentives like paying registration fee for publications in journal and conferences for presentation of technical papers in various international/national conferences
 - Modernization of laboratories with research facilities.
 - To encourage to pursue PhD.

Supporting Documents: Funded Project e-copies of the documents, Ongoing projects, patents and project sanctioned letters, Research paper Publication
