AN SUMMARY ON COLLEGE ACADEMIC NETWORK

The Oxford College of Engineering believes in creating holistic learning environment by fostering and inculcating innovative teaching methodologies among all stakeholders to develop a learner centric environment. The Oxford College of Engineering further aims to create and support innovative programs, opportunities, and collaborations that leverage the faculty and students of The Oxford College of Engineering through dynamic academic collaborations and partnerships to get expertise in the latest technological advancements and emerging trends in Science & Technology and to serve as knowledge dissemination partners sharing their expertise to the society. The teaching fraternity strives to develop new initiatives, programs, and modules that help all stake holders to collaborate and become more innovative.

The Institute constantly encourage faculty members to share and upgrade their domain knowledge through the established Academic collaborations and partnerships, many faculty has been recognized as BOE, BOS and Subject experts, PhD., doctoral committee members by the parent university ie VTU and also in many Universities of high repute.

The Institute inculcates Research Culture among faculty and students with the aid of new research promotion policy aimed to incentivize the research activities, so as to encourage, motivate and nurture faculty. The Institution provides Seed Money to convert novel ideas into proof of concepts and encourages submission of the same to external funding agency. The Institute has received research grants from State and Central funding agency. To facilitate this, The Oxford College of Engineering has collaborated with various universities of repute, research centers and organizations.

Estd. 1974

The Institute has established high reputation with International organizations like IEEE, with 3 students' chapter across the department. ISTE, IETE, CSI etc., also actively functioning to cater the needs of the students and faculty.

The Institute's primary goal is to provide Quality Education through constant and continuous improvement in teaching learning research and infrastructure facilities. The Institute has accredited by NAAC, NBA, ISO etc.,

Institution constantly engage in mentoring of young minds through ATAL tinkering lab, IIC activities, adopting rural schools etc., The efforts of the Institution is well appreciated by MoE, Govt. of India by offering 4 star Raking in IIC and also ranked under NIRF – Innovation Category.

Institution actively collaborate with academic, research organizations., industry and University of Indian and abroad and conducts Joint certificate programs, seminars, symposiums, value added programs etc., The Institute has MOU with foreign Universities like Oklahoma State University, Malta University, University of Peru etc., Institute encourages faculty and students to upgrade their domain skill sets by signing MOU with Industries and supporting faculty exchange, student internship programs, technical training and Industrial visits.

Initiatives to promote academic collaborations :-

1. Recognition and presence of faculty in parent university and other university of right repute as BOS, BOE , Doctoral Committee Members- state level representations, GC and Boards.

For this present academic year 34 faculty members are recognized.

2. Academic and Research Collaborations - A total of 50+ collaborations for the past two academic years with new addition of 27 collaborations for the present academic year to facilitate academic and research exchange programs.

Sir/Madam,

Sub : Appointment as paper setter for JUNE - JULY 2023 EXAMINATIONS

By the direction of the Vice-Chancellor, I am pleased to appoint you as paper setter for the subject with details as under. You are requested to accept the assignment.

Exam: M.Tech/M.C.A/M.Arch
Sem: 2
Subject Code: 22SAM243

Course / Branch: CS
Subject Name: Blockchain Technology
No. of sets: 1

MOST URGENT

To be submitted before: 25-08-2023

INSTRUCTIONS TO PAPER SETTERS (CBCS 2022 SCHEME)

- Question Paper is need to be set as per OBE format by mentioning Bloom's Levels, CO's / PO's levels, else the question paper is liable for rejection. Kindly refer to syllabus
- This appointment is assigned a unique ID represented by the barcode accompanied by the ID in human readable form. The first page of the manuscript cannot be used for a different subject or by a different faculty member. In case you have to use a different first page, write the appointment ID by hand prominently.
- Typed manuscript / scheme will not be accepted. Please write down the questions LEGIBLY.
- Use only 'generally accepted' short forms. (It is difficult to decipher 'S.T.' as 'Show that'.)
- Set TEN questions, such that TWO questions are set from EACH MODULE. Intra-module questions are to be set such that the questions should cover the entire module and further, should be answerable for the set marks. Each question will carry 20 marks.
- Questions shall strictly be from the university prescribed books, covering the entire syllabus. There shall be a maximum of THREE subdivisions in each question. Please avoid subdivisions, within subdivisions, for the sake of clarity. Wherever applicable, there shall be a numerical problem in each question.
- Kindly make sure that all Set Questions are from Syllabus enclosed with prescribed question paper pattern.
- The Question Paper Setter and Scrutiniser will be liable for Out of Syllabus Questions in the Set Question Paper.
- Provide neat sketches as these figures are scanned directly from the manuscript for final printing. Sketches should be drawn in black ink only.
- Explicitly indicate the figure numbers. For example, identify the figure pertaining to Q 2(c) as Fig. Q2 (c) immediately adjacent to it.
- Whenever problems are included, make sure to give all the relevant data from the data handbook, to avoid the issue of handbooks / tables / charts etc..
- However, if special charts, data book are required to be given, please explicitly mention the same, in the 'Instruction to the candidates', at top of the Q.P.
- Scrupulously scrutinize the question paper for its completeness (subject code, subject title & clarity), missing data / figure / marks allocated / repetition of entire question or part thereof & out of syllabus questions. Read the question paper meticulously and seal it in the appropriate barcode cover enclosed, before sending it to the university.
- Furnish the scheme & solutions, in the enclosed sheet meant for it & seal it in the appropriate cover. Indicate boldly the final answers for all numerical problems.
- A question paper without "Scheme & Solution" is liable for rejection.
- Ensure that the manuscript of the question paper, along with scheme & solution, reaches the undersigned, by Registered post on or before the expiry of the date mentioned above.
- Ensure that you personally destroy the rough draft & other material used to prepare the manuscript. No part of the manuscript or the full version should be retained in any form.
- In case, you are unable to accept the assignment, please return all enclosures to the undersigned by return of post, with valid reasons for not accepting it.

Thanking You,

Yours sincerely,

Registrar (Evaluation)

MEMORANDUM OF UNDERSTANDING (MOU)

The Oxford College Of Engineering

Department Of Computer Science and Engineering and Prinston Smart Engineers, Bangalore

The Memorandum of Understanding is made between Department of Computer Science and Engineering, THE OXFORD COLLEGE OF ENGINEERING and PRINSTON SMART ENGINEERS, to promote the cooperation in Workshops, Conferences and Seminars would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- To conduct the conferences, seminars and workshops.
- Should accommodate the UG students in such a number that industry deems convenient to it for the purpose of imparting industrial training and internships.
- To give the placement opportunities to the students.

The parties anticipate that a number of these initiatives will occur during the period of this MOU i.e (Jan -2021 to Jan -2024). However, neither party is obligated to agree to any minimum number of activities, nor is this MOU intended to preclude either party from entering into similar agreements with other institutions.

The following initiatives provide good starting places and can be implemented as soon as administrative details are agreed upon between the two institutions:

This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

This Agreement shall become effective upon being signed by both parties.

Poster for Workshop

The Oxford college of Engineering has organized 2days workshop on **Innovation and design thinking opportunities in python and Danjo** for third year students of ISE was conducted by **Beekoder Technologies Pvt .Ltd**, from **10/4/2023 and 11/4/2023**..A total of 96 students enrolled for this program . Total duration of the course was 14 hrs..

All the theory classes &lab practices were held at ISE Seminar Hall ,The Oxford College of Engineering from 9.00 am to 4.15 pm dated from **10/4/2023 and 11/4/2023**(2 days) .

The speakers Mr. **Emmanual Smiji** and Mr **Ankit Tiwari** and co speaker **Mr.Ajenkiya** conducted python programming concepts to all students along with how to create web application using python and Django environment innovatively. The trainer taught basic programming design concept like checking palindrome, changing the case using predefined functions and explained the file organization concept in Django and how to design and develop the web page using python code to all students.

All the trainers have good knowledge in all the programming concepts and thought how innovatively it can be designed.All topics were explained well with examples and the classes were interactive.The trainers discussed possible interview questions of every topic and also gave interview tips .

By doing this workshop the students got an understanding of web development in integrated environment and to handle the code innovatively.

OBJECTIVES:

- Make the students to Develop innovative full-stack web sites based on content stored in an RDMS
- Use python data types appropriately
- To design the innovative data models
- Understand the architecture of a Django-based web site and to design the innovative website based on the learnt concepts

OUTCOMES:

- Students learnt How to create routes (or views) with Django and developed the innovative websites
- Students learnt How to design the static content and files innovatively using Django
- Students learnt How to design the templates with models to serve data dynamically.

Letter of Intent

Implementation of Intel India supported “Intel India STEM Skills Program for Women” by Learning Links Foundation at The Oxford College of Engineering, Bengaluru in the academic year 2022-23

“Intel India STEM Skills Program for Women” is a program implemented by Learning Links Foundation and supporting by Intel India. The free of cost program specifically focusses on imparting training and capacity development on VLSI technology for female students pursuing their B. Tech and/or M. Tech from colleges across Karnataka. Apart from technical training, students will also be enabled on soft skills like communication, team work, time management etc. to make them job-ready.

Very Large-Scale Integration (VLSI) technology is well suited to the demands of today's electronic devices and systems. As India expands its electronics system design and manufacturing capabilities, the number of job opportunities is also expected to grow in the VLSI design area, making it a lucrative career option for many.

The objective of the program is to offer women in STEM more opportunities to gain new-age technology skills that will make them workforce-ready for the future and increase the number of women in STEM who advance into leadership roles.

Scope of Engagement

- The Program will offer 20 Hour Free online course on VLSI and 4 hours offline training on soft skills.
- Intel co-branded course completion certificate will be issued to all the students participating and completing the course.
- Virtual hackathon will be organized for the participants at the end of the program to give them a platform to apply hands-on what
- Top performing students from college-level hackathon will get opportunity to participate and showcase their project in the state-level showcase event

Key Roles & Responsibilities of Learning Links Foundation (LLF)

- Coordinate with college SPOC for conduction of in-person orientation sessions
- Conduct in-person one-day orientation and soft skill training for potential course participants at the college premises.
- Follow-up with college SPOC for registration related tasks and on-boarding and registering of students onto the VLSI online course
- Provide virtual support to registered students through the completion of the online VLSI course.
- Trouble shoot on all platform as well as course related issues.
- Issuing Certificate to all the women students completing the course.
- Mentor students with their project submissions
- Facilitate Virtual Hackathons and showcase top projects

- Share institute-level data in student course completion progress
- Provide letter of appreciation to the institute and SPOC for the program.

Key Roles & Responsibilities of Institution partner The Oxford College of Engineering, Bengaluru

- Create awareness about the program in college notice boards, student email groups, student WhatsApp groups for maximum reach
- Appoint a SPOC for program related co-ordination
- Educate and encourage the student fraternity about the importance and opportunities of the project
- Facilitate the arrangement of classroom space, projector, AV devices for conduction of in-person orientation and Soft skill sessions.

We agree to the above described scope of work and roles and responsibilities. We agree for collaboration with Learning Links Foundation for the implementation of "Intel India STEM Skills Program for Women" project in our institute.

PRINSTON SMART ENGINEERS

The Memorandum of Understanding is made between Department of Mechanical Engineering, THE OXFORD COLLEGE OF ENGINEERING and PRINSTON SMART ENGINEERS, to promote the cooperation in Workshops, Conferences and Seminars would be mutually beneficial. The areas of cooperation may include, subject to mutual consent, any desirable and feasible activity that would further the goals of each institution. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- To conduct the conferences, seminars and workshops.
- Should accommodate the UG students in such a number that industry deems convenient to it for the purpose of imparting industrial training and internships.
- To give the placement opportunities to the students.

The parties anticipate that a number of these initiatives will occur during the period of this MOU i.e (Oct-2020 to Oct-2023). However, neither party is obligated to agree to any minimum number of activities, nor is this MOU intended to preclude either party from entering into similar agreements with other institutions.

The following initiatives provide good starting places and can be implemented as soon as administrative details are agreed upon between the two institutions:

This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

This Agreement shall become effective upon being signed by both parties.

- To give the placement opportunities to the students.

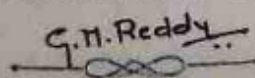

The parties anticipate that a number of these initiatives will occur during the period of this MOU i.e (Jan-2021 to Jan-2024). However, neither party is obligated to agree to any minimum number of activities, nor is this MOU intended to preclude either party from entering into similar agreements with other institutions.

The following initiatives provide good starting places and can be implemented as soon as administrative details are agreed upon between the two institutions:

This MOU shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing, executed by the duly authorized representatives of the parties.

This Agreement shall become effective upon being signed by both parties.

MEMORANDUM OF UNDERSTANDING
BETWEEN
THE OXFORD COLLEGE OF ENGINEERING
AND
VI SOLUTIONS

This Agreement made and entered into on this 3rd day of March 2023 between **THE OXFORD COLLEGE OF ENGINEERING, Bengaluru- 560068** (hereinafter called "The Oxford College of Engineering") and **VI SOLUTIONS** (hereinafter called "VI Solutions" which expression shall include its successors and permitted assignees) with its registered office at Bengaluru.

1. OBJECTIVES OF THE MOU

The objective of this Memorandum of Understanding is:

- a. to promote interaction between **THE OXFORD COLLEGE OF ENGINEERING** and **VI Solutions** in mutually beneficial areas.
- b. to provide a formal basis for initiating interaction between **THE OXFORD COLLEGE OF ENGINEERING** and **VI Solutions**.

2. PROPOSED MODES OF COLLABORATION

THE OXFORD COLLEGE OF ENGINEERING and **VI SOLUTIONS** propose to collaborate through

- a. Supporting R&D projects, which may be carried out wholly at **THE OXFORD COLLEGE OF ENGINEERING**.
- b. Any other appropriate mode of interaction agreed upon between **THE OXFORD COLLEGE OF ENGINEERING** and **VI SOLUTIONS**.

3. FORMS OF RESEARCH AND DEVELOPMENT PROGRAMS

The form of any of the said Research and Development Program (hereinafter referred to as "Research Program") will be subject to a separate Research Agreement entered into by the Parties but may also include the following:

- a. **In their own existing facilities** - The performance of research individually by each Party or concurrently by both Parties in mixed groups at their own facilities with regular exchanges of results.
- b. **In a separate research and development facility** - The performance of research by the technical personnel of both Parties working together in the facilities of one Party or in mixed groups at the facilities supported/ sponsored by either Party.
- c. **Third parties** - The performance of research by the Parties together with one or more third parties.

4. TECHNICAL AREAS OF COLLABORATION

The principal technical areas of collaboration between **THE OXFORD COLLEGE OF ENGINEERING** and **VI SOLUTIONS** will be as Internet of Things – IIoT, Machine Learning, Artificial Intelligence, Embedded System Design.

5. AGREEMENTS FOR RESEARCH COLLABORATION

Research undertaken by the **THE OXFORD COLLEGE OF ENGINEERING**, the treatment of intellectual property and data rights, including patents, industrial design registration, copyrights and all other proprietary information (including innovations not patented, designs not registered etc.) will be remains to the original inventors and in the college name.

6. CONFIDENTIALITY

- a. During and for a period of one year from the date of disclosure, each party agrees to consider as confidential all information disclosed by the other party in written or tangible form or, if orally disclosed confirmed in writing within thirty days of disclosure and identified as confidential by the disclosing party.

7. NON-EXCLUSIVITY

The relationship of the parties under this MOU shall be nonexclusive and both parties, including their affiliates, subsidiaries and divisions, are free to pursue other agreements or collaborations of any kind. However, when entering into a particular research agreement, the participants may agree to limit each party's right to collaborate with others on that subject.

8. TERMS AND TERMINATION

This MOU, unless extended by mutual written agreement of the parties, shall expire **1 year** after the effective date specified in the opening paragraph. This MOU may be amended or terminated earlier by mutual written agreement of the parties at any time. Either party shall have the right to unilaterally terminate this MOU upon 60 days prior written notice to the other party. However, no such early termination of this MOU, whether mutual or unilateral, shall affect the obligations of the participants under any Research Agreement, Confidentiality clause as referenced in clause 6 above, or any other agreement entered into pursuant to this MOU, which obligations shall survive any such termination.

9. RELATIONSHIP

Nothing in this MOU shall be construed to make either party a partner, an agent or legal representative of the other for any purpose.

- (a) **Hands-on-Workshop / SDP:** VI Solutions will organize at least one hands-on-workshop on latest technologies like Industrial Internet of Things – IIoT, Machine Learning, Artificial Intelligence, Embedded System Design etc., for students as agreed terms and conditions every year. The College will provide the infrastructure facility for conducting such workshop in the campus. VI Solutions will provide certificates for the participants for workshops authorized by National Instruments.
- (b) **FDP:** VI Solutions will organize at least one Faculty Development Program on latest technologies like Industrial Internet of Things – IIoT, Machine Learning, Artificial Intelligence, Embedded System Design etc., as agreed terms and conditions every year. The College will provide the infrastructure facility for

conducting such workshop in the campus. VI Solutions will provide certificates for the participants for workshops authorized by National Instruments.

- (c) **Internship:** VI Solutions will short list candidates for internships after workshop based on their performance and willingness.
- (d) **Workshops/Events:** If the College wishes to organize a national event in the area of IoT, Machine Learning, Artificial Intelligence, Signal processing & Image Processing, VI Solutions will provide speakers.

10. ASSIGNMENT

It is understood by the Parties herein this MOU is based on the professional competence and expertise of each party and hence neither Party shall transfer or assign this Agreement, or rights or obligations arising hereunder, either wholly or in part, to any third party.

11. SIGNED IN DUPLICATE

Department of **Mechatronics Engineering**, The Oxford college of Engineering, Bangalore, organized 2 Days workshop on “**Graphical Programming in LabVIEW**” on 31/7/2023 & 1/8/2023. The Resource Person is Mr. Satyanarayana R, Senior Application Engineer, VI Solutions, Bangalore.

Mr. Satyanarayana R is a tireless personal with goal oriented master planner and a best strategic decisions maker. He gave an overview of industrial application of LabVIEW. The importance of LabVIEW was explained along with the placement requirements. Theory was explained in detail and hands on session along with Interfacing Programs helped to understand the concepts.

Objective:

- LabVIEW is essentially a graphical programming language, instead of using program statements like with C++, Python, or other text-based languages, you place and connect visual objects around your screen.
- It has a user-friendly drag and drop kind of interactive User Interface.
- Built-in Functions: It supports thousands of inbuilt functions that range from analysis and I/O etc.
- Scalable: As LabVIEW has a modular design making it easy to scale and modular programs.
- A lot of Startups are actually using this software to build complex systems as it reduces the amount of development effort in total.
- It is used in Automated Product design validation of a component/sub-system/system, Control and/or monitoring of a machine/piece of industrial equipment/process.
- Also, the use of LabVIEW software is predominant in the areas where hardware products are built based on embedded programming languages.

Outcome of the Workshop

- Basic theory of LabVIEW was understood.
- Industrial application of LabVIEW was explained in detail.
- Placement opportunities in the field of LabVIEW was discussed.
- Interfacing of Hardware modules helped to understand the concepts of LabVIEW applications.
- Hands on session on DAC interface gave the practical knowledge of LabVIEW

Total number of faculties attended are 5.

ANGEL INVESTMENT /VC FUNDING OPPORTUNITY FOR EARLY STAGE

ENTREPRENEURS – INDIAN FINANCIAL SYSTEM

Organizing by **RESEARCH INTERNATIONAL, BANGALORE**

DEPARTMENT OF BUSINESS ADMINISTRATION
THE OXFORD COLLEGE OF ENGINEERING
1st JULY 2023

The Oxford College of Engineering, Bengaluru- Institution Innovation Council in association with the Department of Management Studies organized **Session on Angel Investment /VC Funding Opportunity for Early Stage Entrepreneurs – Indian Financial System** by Ms. **Karithika Rajan, Deputy Manager, ICICI Bank , on ” 1-7-2023 .**

Learning objectives

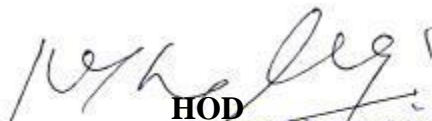

1. Outlining the opportunities for VC funding and angel investment for early-stage entrepreneurs.
2. To expose students to different possibilities of obtaining financing for startups
3. To expose students to the challenges that entrepreneurs face in the early stage of their entrepreneurship

Learning outcomes

1. The session assisted young executives in understanding how angel investments may finance their concepts.
2. Students can learn about all the different aspects of starting a new business.

The speaker discussed the fundamentals of startup fundraising. She began by outlining the stages at which funds is genuinely needed. She used examples of the top businesses from around the world that have achieved success both with and without outside capital to demonstrate her argument. She also discussed the criteria that investors use to decide whether to invest in a project. She spoke on a variety of funding methods, including bootstrapping, applying for government grants, receiving angel investments, and receiving venture funding. She described how angel investors support startups by mentoring them and not only acting as a source of funding. She also discussed how venture capital enables businesses to grow from their current size.

Month of event	13-08-2022
Venue	THE OXFORD COLLEGE OF ENGINEERING, BANGALORE
Purpose	To instill the feeling of patriotism in the hearts of people
Organized by	NSS Unit in association with AICTE-SPICES CLUB (ABHILASHA)
No. of Participants	150 students and 65 Faculty Members

Banner

As **India** gears up to celebrate the 75th anniversary of Independence, the central government has kickstarted a campaign called Har Ghar Tiranga to invoke the feeling of patriotism in all citizens. The campaign is part of Azadi ka Amrit Mahotsav.

The Oxford College of Engineering students conducted Har Ghar Tiranga campaign on Saturday, 13th August, 2022 to encourage participants to hoist national flag atop their houses as part of Azadi Ka Amrit Mahotsav (AKAM) to commemorate 75 years of Independence. The students conducted

the campaign by carrying a national flag in their hand. They raised slogans like Mera Bharath Mahan and Bharat Mata ki Jai

The function began with a brief introduction of AZADI KA AMRIT MAHOTSAV – HAR GHAR TIRANGA CAMPAIGN by Dr. M S Sashidhara, HOD- MCA.

Dr. N Kannan, Principal said that as per the call given by Prime Minister Narendra Modi, Har Ghar Tiranga campaign was conducted. He reminded that PM Modi had announced recently that Har Ghar Tiranga will be held from August 13 to 15. He observed the campaign will infuse patriotism, will event remind our national leaders and also will increase patriotic fervor among students.

Dr. K M Ravikumar, Director said that the campaign is meant to remember our freedom fighters, known and unknown and pay tributes to them. He appealed to the people to hoist the national flag atop their houses, shops and industries between August 13 to 15 as a part of AKAM celebrations. Before the campaign, the students have participated in Quiz competitions, Essay Writing and Singing competitions conducted by NSS unit, The Oxford College of Engineering in association with AICTE-SPICES CLUB (ABHILASHA).

HODs, Faculty members of all departments, Non- Teaching staff and students of all branches were participated on the occasion.

You need to accept the above budgetary allocation before proceeding further. To accept the budgetary recommendations, you may follow the following steps :

1. Go to www.serbonline.in through your credentials
2. Go to Menu --> Proposal submission --> View submitted proposals
3. Click on the link under Status column "Proposal Approved, Acknowledgment pending from PI"

You are requested to upload the following documents of the approved budget strictly within 10 days from the date of this letter.

1. Upload the lowest quotation for equipment/s (including freight, insurance, customs charges etc., if any).
2. Salary structure for the project staff (including HRA, Medical Benefits, if applicable etc.).
3. A certificate stating that any visit abroad for a period more than eight weeks would be undertaken after due permission from SERB, may also be submitted.
4. RTGS details of the implementing institute to facilitate transfer of the fund as per the template.
5. Any other documents (as detailed below specific the programme concerned).

SERB has adopted the Scientific Social Responsibility (SSR) Policy which mandates SERB Grantees to undertake some SSR activities during their project period. You are requested to read the SSR guidelines available under SSR menu and choose the activities according to your preference. Depending on the activity chosen, additional budget would be provided under separate head to carry out the chosen activities. Please note that choosing the SSR activities is mandatory for issue of financial sanction subject to submission and acceptance of other necessary documents

Kindly upload the documents related viz., animal ethical clearance certificate, institutional bio safety clearance certificate, etc., matching with exact approved title of project submitted to SERB.

If the project does not require (viz., animal ethical clearance certificate, institutional bio safety clearance certificate, etc.) please confirm with a self-certification saying that it does not involve any animal/human studies or genetic modification in any organisms or bio safety issues.

(Kindly note that during the issue of sanction order or during the implementation of this project, if SERB come across/found that the project work involves/requires animal/human studies or genetic modification in any organisms or bio safety issues, RCGM approval/ approval from Biodiversity Management Committee Environmental clearance, the project may be terminated without any notice.)

Please note that release of grant is subject to availability of funds under the scheme. Kindly quote the reference number in all future correspondence. The project's reference no. **CRG/2022/004140** may also be mentioned in all research communications arising from the above project.

Yours sincerely,

(Dr. Pankaj K. Rawat)

Dear Sir/Madam,

Sub: Establishing SWAYAM NPTEL Local Chapter in your college

Greetings from the NPTEL office.

This is to acknowledge the receipt of your letter accepting to host SWAYAM NPTEL Local Chapter in your institution.

The **Single Point of Contact (SPOC)** nominated from your college is

Name of SPOC: PROF. DHARAMVIR
Designation: ASST. PROFESSOR
Department: MCA
Contact No(s): 9916598045
E-mail id: npTEL@theoxford.edu

We wish to inform you that all future correspondence related to NPTEL contents and online courses will be made to the afore-mentioned SPOC. He/she will be routinely updated with all the latest NPTEL initiatives which then may be circulated among the students.

We are also happy to share that a dedicated SWAYAM NPTEL Local Chapter web page is being created and your institution will have a separate page on it (<http://archive.nptel.ac.in/LocalChapter>)

Thanking you.

Sincerely

Prof. Andrew Thangaraj

Subject: Accreditation status of programs applied by The Oxford College of Engineering, Bommanahalli, Hosur Road, Bangalore-560068, Karnataka.

Sir,

This has reference to your application I.D. No. 6654-09/03/2022 seeking accreditation by National Board of Accreditation to UG Engineering programs offered by **The Oxford College of Engineering, Bommanahalli, Hosur Road, Bangalore-560068, Karnataka.**

2. An Expert Team conducted onsite evaluation of the programs from **28th to 30th October, 2022.** The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Computer Science & Engineering	Tier II June 2015 Document	Accredited	Academic Years 2022-2023 to 2024-2025 i.e. up to 30-06-2025	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the Competent Authority, whichever is earlier
2.	Information Science & Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. **The Oxford College of Engineering, Bommanahalli, Hosur Road, Bangalore-560068, Karnataka** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above so as to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **The Oxford College of Engineering, Bommanahalli, Hosur Road, Bangalore-560068, Karnataka** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

Contd/..

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.
7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.
8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs is enclosed.
9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)
Member Secretary

2.	Biotechnology		Accredited		
3.	Mechatronics Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for further 3 years. **The Oxford College of Engineering, Bommanahalli, Hosur Road, Bangalore-560068, Karnataka** should submit fresh online application under First Cycle SAR Tier II June 2015 document through eNBA portal at least five months before the expiry of validity of accreditation mentioned above.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **The Oxford College of Engineering, Bommanahalli, Hosur Road, Bangalore-560068, Karnataka** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation.
