Vol. No. 20

### TRIBUTE TO

**Late Shree S Narasaraju Garu, FOUNDER CHAIRMAN**, The Oxford Educational Institutions

Sri S. Narasa Raju was instrumental in the formation of the Children's Education Society® which was registered on 30-9-1974. He had setup The Oxford Kannada Nursery School and The Oxford English Nursery School initially in 1974. In the natural growth by gaining momentum schools affiliated to CBSE/ICSE and other multifarious educational institutions were started functioning and thus catered the educational needs of entire JP Nagar and within its environs. Later on, Polytechnic, PU College, College of Sciences, Business Management, Law, Education, Hotel Management, Nursing, Pharmacy, Physiotherapy, Dental, Engineering and Medical Colleges in multiple academic streams were started in diversified areas in different campuses. Currently, 36 institutions under the umbrella of Children's Education Society® are functioning which is attributable to his relentless endeavor and commitment for imparting quality education.

### CHAIRMAN'S MESSAGE

**Sri. S N V L Narasimha Raju**  
Chairman

It gives me immense pleasure to congratulate the editorial team to bring out the College Newsletter SANDESH 2022. I hope this edition of the newsletter, now in your hands, will definitely stand as a true testimony to the complete record of all the academic, curricular, co-curricular and extra-curricular activities and events that were conducted in The Oxford College of Engineering during the academic year 2021-22. I believe that The Oxford College of Engineering would reach the pinnacle of excellence with the trust and cooperation of the parents and the students. All the very best to one and all.

### PRINCIPAL'S MESSAGE

**Dr. N Kannan**  
Principal

It's my pleasure to extend a warm welcome to you all for this edition of College Newsletter SANDESH 2022. As the Principal of The Oxford College of Engineering, I feel honoured and privileged to be a part of an educational institution where every stakeholder is a learner and every day is an opportunity to learn and discover. We look at ourselves as a community of learners, where everyone learns including our teachers, parents and staff. We are a place of learning, belonging, growth and support for students, families and the community. Thank you for being a part of our community and college! Let us know how we can help make your TOCE experience even better.

### FROM THE EDITOR'S DESK

**Dr. B K Manjunath**  
Convener

'SANDESH 2022' is the Newsletter of TOCE, envisioned under the able leadership of our chairman and principal. It is for embossing accomplishments of TOCE, its staff and students, and disseminate such acquaintance to the diverse stakeholders. This newsletter will cater to magnify awareness, interaction and unification of various stakeholders. The progression of any organization relies upon the individuals, who are operating at the back of the visuals and round-the-clock mapping things to the succinct and will endeavor to acknowledge such efforts and their end results. A wide endorsement is requisite through the reader's valuable suggestions and reviews for this mission. Happy Reading.

## INDUSTRIAL VISIT

### Industrial visit to Centre for ETHNUS at Jayanagar

The Oxford college of Engineering, Bangalore- in association with Department of Computer Science and Engineering a batch of 6th semester students with faculty Ms. Shruthi K Reddy and Ms. Lenish Pramiee visited ETHNUS at Jayanagar in Bangalore. This visit was mainly focused on presentation on Emerging Technology to understand the Amazon Web Service.

### Industrial visit to Centre for Microsoft Research office

The Department of CSE in association with IEEE arranged a visit to **"Microsoft Research office"** for the Kong Bangalore Meet up on 18th June 2022. Third year students of CSE actively participated in this meet up to enrich their knowledge in API gateway.

### Outreach programs organized

Sl.No.	Date	Activity
1	07-05-2022	Menstruation break the Taboo
2	14-11-2021	Menstrual Awareness for Men
3	07-11-2021	Pollution Awareness program
4	26-11-2021	Paper On enabling e-waste segregation and recycling through technology

## Memorandum of Understanding

### Industry interaction for training/internship/placement

To strengthen interaction with industries and to keep our students updated with the latest trends in Computer Science & Engineering, the Department has entered into an agreement (MOU) with the following company.

Prinston Smart Engineers Vishnuvardhan Statue Rd, Vishwapiya Nagar, Begur, Bengaluru, Karnataka 560068 organized To Promote Workshops, Conferences, Seminars, Placement Opportunities & Internships [2021-24].

### Funded student projects in the academic year 2021-2022

SL. No	Title of the Project	Student	Guide	Funding Agency
1	Smart Stick for the Trammels	Ashwini L Asma Sultana Bharath Reddy Margaret	Dr. E Saravana Kumar	KSCST
2	Supervision of water distribution Using IoT and Android	Abhishek C Banu Priya U Darshan P Pavan Kumar	Dr. M Nirmala	KSCST

## STUDENT ACHIEVEMENTS

Mustafa A Mulla (10X18CS098) 8th Sem Student had participated in 45th Series KSCST Student Project Program Seminar and Project Exhibition held on 12th & 13th August 2022 at VTU, Belgaum, Karnataka and presented seminar

**CHILDREN'S EDUCATION SOCIETY (Regd.)**  
**THE OXFORD COLLEGE OF ENGINEERING**  
 Department of Computer Science and Engineering  
 Hosur Road, Bommanahalli, Bengaluru-560 068  
 (Approved by AICTE, New Delhi, accredited by NBA, New Delhi & Affiliated to VTU, Belgaum)

**Heartiest Congratulations!!!**  
*For bagging placement offer at 8 Companies*

**Name: Meghana Venkatesh Shet**  
**USN - 10X18CS043**

## VTU Education Conclave 2022

The project titled  
**"Supervision of Water Distribution Using Android and IoT"** awarded with **THIRD PRIZE** and CASH amount of Rs. 30000.  
 This project done by CSE students Abhishek C, Banu Priya U, Darshan P, and Gowducheruvu Pavan Kumar Reddy.

## FACULTY ACHIEVEMENTS

**Dr. Seema Patil**  
 10X14PEM02

**Dr. Shobha T**  
 10X14PEM01

1. Prof. Seema Patil was awarded Doctor of Philosophy in the Faculty of Computer & Information sciences for the thesis entitled **"Nature Inspired Adaptive techniques using Hybrid Clustering for crime databases"** from Visvesvaraya Technological University on 10th March 2022.
2. Prof. Shobha T was awarded Doctor of Philosophy in the Faculty of Computer & Information sciences for the thesis entitled **"Soft Computing Based Paradigm for Land Use Land Cover Data"** from Visvesvaraya Technological University on 10th March 2022.

## FDPS ORGANIZED

CSE Dept Faculty Development program was organized on 26th July 2021- 31st July 2021 in online mode; it mainly focuses on the recent advancement in Artificial Intelligence (AI) and Machine Learning (ML) in various fields such as Industry, research and development. The faculty, research scholars can take the benefits of the programs. The eminent speakers at our program are from IIM, NIT's, and IISC. The major topics covered in our program are Object Identification using Machine Learning, AI in computer vision, and the role of Machine Learning in Cyber Security.

## FDP ATTENDED

1. Dr Shobha T attended National Level 2day virtual Lecture Workshop on "Diversified Applications of Machine Learning Algorithms", organized by Department of Computer Science and Engineering, BMS Institute of Technology and Management, Bengaluru and Indian Academy of Sciences, Bengaluru on 21st and 22nd Sept 2021.

2. Dr Shobha T attended 6day online FDP on “Advances in Artificial Intelligence and Machine Learning”, organized by Department of Computer Science and Engineering in association with IEEE CS Chapter, TOCE, Bengaluru from 26th to 31st July 2021
3. Dr Seema Patil attended National Level 2day virtual Lecture Workshop on “Diversified Applications of Machine Learning Algorithms”, organized by Department of Computer Science and Engineering, BMS Institute of Technology and Management, Bengaluru and Indian Academy of Sciences, Bengaluru on 21st and 22nd Sept 2021.
4. Dr Seema Patil one-week STTP on “Startup Driven Bio innovation and IOT for Sustainable Agritech”, organized by Department of Biotechnology, TOCE, Bengaluru from 23rd to 28th August 2021.
5. J Jesy Janet Kumari attended workshop on Improving Research Writing using Grammarly by Central Library, Amrita Vishwa Vidya peetham, and Coimbatore on 28th April 2022
6. J Jesy Janet Kumari attended Aicte-Iste Sponsored Six Days Refresher Program On “Data Science & Block Chain” from 03.01.2022 to 08.01.2022 organized by CSMSS Chh. Shahu College of Engineering, Aurangabad, Maharashtra.
7. J Jesy Janet Kumari attended IP Awareness/Training program on February 21, 2022 Organized by Intellectual Property Office, India.
8. J Jesy Janet Kumari attended in one-week AICTE - ISTE Refresher Programmer on “Recent Advances in Material Design, Manufacturing, Characterization, Machining and Applications” Conducted by The Dept. of Automobile Engineering, TOCE, Bangalore 22-02-2022 TO 28-02-2022.
9. J Jesy Janet Kumari attended 5-day Online FDP on” Inculcating Universal Human Values in Technical Education”, organized by AICTE from 13 sep-17 sep 2021.
10. Rekha P participated 5 days FDP on “Student Induction on UHV “organized by AICTE during 11th April -15th April 2022.
11. Rekha P participated 5 days FDP on “Advancement in machine learning and Artificial Learning “organized by dept of ISE in June 2021.
12. Lenish Pramiee attended AICTE - ISTE Sponsored Six Days Refresher Program On “Data Science & Block Chain” from 03.01.2022 to 08.01.2022 organized by CSMSS Chh.Shahu College of Engineering, Aurangabad, Maharashtra.
13. Lenish Pramiee attended 6 days FDP on “Multi Technology “Organized by Brain vision solution India Pvt ltd and National Youth Council of India on 28th June 2021-3rd July 2021
5. J Jesy Janet Kumari has course on Google Cloud Fundamentals: Core Infrastructure on 5th May 2022.
6. J Jesy Janet Kumari has Coursera course on Essential Google Cloud Infrastructure: Foundation on 18th May 2022.
7. J Jesy Janet Kumari has Completed Coursera course on Elastic Google Cloud Infrastructure: Scaling and Automation on 18th June 2022.
8. J Jesy Janet Kumari has Completed Coursera course on Reliable Google Cloud Infrastructure: Design and Process on 1st July 2022.
9. Rekha P has completed course on “Data mining and machine learning” on June 26, 2021.
10. Rekha P has completed NPTEL 12-week Course on “Data Science for Engineers” in the duration July 2021.
11. Rekha P has Completed NPTEL 12-week Course on “Introduction to IoT” in the duration Oct- Feb 2022.
12. Completed NPTEL 12-week Course on “Deep Learning” in the duration Jan - April 2022 with ELITE credits 3.

## PAPERS PRESENTED

1. R Ch A Naidu, “An exploration of heart disease prediction algorithms using machine learning techniques” 6th International Conference on Awareness in Computer & Communication Engineering (ACCE - 2022), held on 08.08.2022 at Vemana Institute of Technology – Bengaluru.
2. R Ch A Naidu,” An art of review in predicting the rose plant diseases using image processing with machine learning” ,6th International Conference on Awareness in Computer & Communication Engineering (ACCE - 2022), held on 12.08.2022 at Vemana Institute of Technology – Bengaluru.
3. J Jesy Janet Kumari presented a paper entitled presented a paper entitled,” Automatic Autonomous Heart Monitoring Device using Machine Learning for COVID Patients” International Virtual Conference on Machine Learning Applications in Applied Sciences and Mathematics, IVCMA SM 2022 Organized by the Department of Artificial Intelligence and Data Science, Easwari Engineering College (Autonomous), Chennai on 30th - 31st March 2022.

## RECOGNITIONS

1. Dr E Saravana Kumar recognized Board of Studies External member in the Department of Animation and Virtual Reality, School of Computer science, JAIN (Deemed to be University) on the 25th April 2021.
2. Dr E Saravana Kumar recognized Session chair and reviewer in International Conference on Emerging Trends in Engineering, Management & Technology (ICETEMT-2022) Organized by Rajarajeswari College of Engineering - Bangalore on 21st June 2022.
3. Dr E Saravana Kumar was Reviewer in the IEEE International Conference on Distributed Computing and Electrical Circuits and Electronics (ICDCECE-2022), organized by the Bellary Institute of Technology and Management, Bellary, India in association with IEEE Bangalore Section and IEEE Information Society on 23rd-24th April, 2022.
4. Dr E Saravana Kumar has recognized as an Editorial Board Member in International Journal of Intellectual advancements and research in engineering computations, on 14th Feb 2022.

## ONLINE and NPTEL COURSES

1. Dr E Saravana Kumar Completed 28 days online Course on “How to Clear Patent Agent Examination” from 6th December 2021 to 12th January 2022, IPEVER - Chennai (Idea-Protection and Commercialization).
2. Dr Shobha T has Completed NPTEL 12-week Course on “The Joy of Computing using Python” in the duration Jan - April 2022 with 83% and Completed NPTEL 4-week Course on “Python for Data Science” in the duration Jul - Aug 2021.
3. Dr Seema Patil has Completed NPTEL 12-week Course on “The Joy of Computing using Python” in the duration Jan - April 2022 with 73% and Completed NPTEL 4-week Course on “Python for Data Science” in the duration Jul - Aug 2021
4. J Jesy Janet Kumari has Completed NPTEL 12-week Course on “Deep Learning” in the duration Jan - April 2022 with ELITE credits 3.

5. Dr E Saravana Kumar recognized Session chair and reviewer in International Conference on Emerging Trends in Engineering, Management & Technology (ICETEMT-2022) Organized by Rajarajeswari College of Engineering - Bangalore on 21st June 2022
6. Dr E Saravana Kumar has recognized as an Editorial Board Member in International Journal of Intellectual advancements and research in engineering computations, on 14th Feb 2022
7. Dr E Saravana Kumar was Reviewer in the IEEE International Conference on Distributed Computing and Electrical Circuits and Electronics (ICDCECE-2022), organized by the Bellary Institute of Technology and Management, Bellary, India in association with IEEE Bangalore Section and IEEE Information Society on 23rd-24th April, 2022.
8. Dr E Saravana Kumar has recognized as an Editorial Board Member in International Journal of Intellectual advancements and research in engineering computations, on 14th Feb 2022
9. R Raghu Editorial Member in Reputed SCI journal "Digital Manufacturing Technology".
10. R Raghu Guided Project Title "Supervision of Water Distribution Using Android and IoT" got KSCST fund (Rs.4000).
11. R Raghu Guided Project Title "Supervision of Water Distribution Using Android and IoT" got Third Prize (Rs.30000) in VTU Education Conclave 2022 held on 31st and July and Aug 1st.
12. R Raghu Active Reviewer in Springer Journal (SCI and SCIE) "Journal of Ambient Intelligence & Humanized Computing (AIHC)".
13. R Raghu Active Reviewer in Springer Journal (SCI and SCIE) "Frontiers Digital Health".
14. R Raghu Active Reviewer in Springer Journal (SCI and SCIE) "Wireless Personal Communications".
15. R Raghu Active Reviewer in Springer Journal (SCI and SCIE) "Journal of Advances in Information Technology".
16. Dr E Saravana Kumar received Certificate of Appreciation as a Reviewer for Springer CCIS Series Conference Proceedings of the "3rd International Conference on Computing Science, Communication and Security (COMS2-2022)" organized by the Ganpat University, Gujarat, INDIA on 6th- 7th February 2022.
17. R Raghu received Certificate of Appreciation as a Reviewer from "WILEY" SCI and SCIE Q1 journal "Concurrency and Computation: Practice and Experience".
18. R Raghu received Certificate of Appreciation as a Reviewer from "WILEY" SCI and SCIE Q1 journal "Concurrency and Computation: Practice and Experience".

## DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

### VISION

To meet the educational, research & service needs of the region through collaboration with academic, technical institutions, businesses, government agencies & cultural organizations, thereby, providing a platform that encourages students & faculty to continue their intellectual & professional growth.

### MISSION

To develop the best Information Science Professionals, who work creatively, communicate effectively & become technologically competent and also to mould them into good citizens by inculcating sense of ethical values in them.

### ABOUT THE DEPARTMENT

The department of Information Science and Engineering was established in the year 2000, with the objective of molding young boys and girls into Information Science Engineering professionals. The department has a four-year full time BE program and a two-year MTech (CYBER SECURITY) program with an annual intake of 120 and 18 respectively. These courses are imparted with deep theoretical and practical learning, for the perfect blend of techno managerial skills and hands activities. The department has been thrice accredited by NBA.

### HOD'S PROFILE

Dr. R. Kanagavalli, currently working as Professor & Head, Department of Information Science and Engineering, The Oxford College of Engineering. She completed B.E in Computer Science and Engineering from Bharathiyar University in the year 1998 and M.E in 2004. She has obtained PhD in Information and Communication from Anna University in the year 2013. She has 17 years of teaching experience. Her area of interest is Video processing, Image processing and Cryptography. Under her guidance 6 research scholars are doing research in video processing and Image processing. Under her guidance one scholar has submitted thesis and waiting for the final viva voce. She has published 10 papers in various reputed journal like SCI, Scopus etc. and participated and presented papers in Conferences. She has published a patent with title "Soil classification for planting and monitoring using FCNN based IoT smart agriculture system". Under her guidance 3 batch students got fund from Karnataka State Council for Science & Technology under Student Project Promotion Scheme. She is acting as thesis evaluator for various universities and going as external examiner for PhD viva voce exams.

## DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

### VISION

To impart technical education par excellence and prepare leaders to serve the industries and society.

### MISSION

- **M1** - To provide the world with a highly committed and quality conscious Engineering workforce.
- **M2** - To encourage the students to build self-help, power of initiative, courage to change and create new things.
- **M3** - To inculcate the spirit of cooperation and capacity for organization with special emphasis on their self-reliance and sustainability to meet ever changing requirements of local and global industries.

### ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering started in the year 2000 and has been in the forefront of imparting quality education to the students. The department has a strong undergraduate program with

an intake of 120 students. At the postgraduate level, offers M.Tech in VLSI and Embedded Systems. At present, 24 faculties of the department have registered for Ph.D program; 9 research scholars were awarded Ph.D from the R&D of Electronics and Communication Engineering Department. UG and PG students are encouraged to undertake various research projects in department R&D and are given regular value-added courses and soft skill programs to meet the needs of employability. The unwavering commitment towards students along with a pool of experienced and dedicated teaching faculty makes the department distinguished and the most sought after.

### HOD'S PROFILE

Dr. Manju Devi is the Professor and Head of the Department of Electronics and Communication Engineering, at The Oxford College of Engineering, Bangalore. She has 26 years of teaching experience & 14 years of research experience. She has a Ph.D. (VLSI Design), VTU, M.Tech. (Electronics) VTU and B.E (Electronics & Communication Engineering). She is an approved guide in VTU, one student has completed PhD degree under her supervision and eight research scholars are pursuing Ph.D. under her guidance. She has published 4 patents, four book chapters and 75 research papers in national and international Journals. She is also a senior member of IEEE and Life member of Indian Society for Technical Education (ISTE) and Life member of The Institution of Electronics and Telecommunication Engineers (IETE). She is also a Photonic Executive member of Photonic Society and mentor of many students for the internship program conducted under Photonic Society.

## ACADEMIC ACHIEVEMENTS

### Student Toppers List (2018-2022 batch)

Acsah Mary Ben (10X18EC004)  
CGPA – 9.37

Brinditha Ravi (10X18EC019)  
CGPA – 9.32

Tejaswini (10X18EC031)  
CGPA – 9.3

Bhavya G (10X18EC017)  
CGPA – 9.2

Brunda K (10X18EC020)  
CGPA – 9.2

## STUDENT AWARDS

1. Abhishek Gopalakrishna Bhat and Ajith Kumar Sah of 6th semester won cash price of 10k in National level Techno Exhibition organized by Dr. AIT, Bangalore.

2. Ajith, Manoj, Navya S and Dhanya secured second place in the project exhibition held on 1st July 2022 as a part of the 6th National Conference on Science, Engineering, Management and Architecture, NCSEM-2k.

3. Abhishek Gopalakrishna Bhat, Rakesh BR, Revathi S, Sindhu S of 6th semester bagged the winner prize with 2.5 lakh at SymbiOT organised by the Dept. of ECE, Vidyavardhaka College of Engineering, Mysuru in association with IOTCrew on June 10th and 11th 2022. This included 25k cash prize, Electronics development kit, subscriptions and goodies with a rolling trophy for their innovative approach of integrating multiple bank cards into a single, secure and smartcard.

4. Ramya G, Ranjitha R, Nandini and secured third position in the Techno-Hackathon 2k22 competition organized by AICTE-spices-ABHILASH club, TOCE held on 23rd March, 2022.
5. Revathi S, Sindhu S, Rakesh BR, Ajith, Abhishek and Naveen participated in the National level IDEATHON on science organized by the Department of MCA, The Oxford College of Engineering, Bangalore.

## FACULTY ACHIEVEMENTS

Dr. Preeta Sharan got awarded on international women's day by Government of India, Principal Scientific adviser with his excellency British High Commissioner, she is among 75 women scientists in STEAM.

Dr. Neethu PS, Mr. Jayaraj N, Ms. Laya Tojo and Ms. Lakshmi R completed NPTEL course on "Digital system Design" conducted by IIT, Madras from Jan 2022 to April 2022.

### FDPs ATTENDED BY FACULTY

1. Dr. Manju Devi, Ms. Sunitha L and Ms. Iffat Fathima attended an FDP on "Recent Trends in Microwave & Antenna Technology" during 15/11/2021 to 19/11/2021 organized by East Point College of Engineering & Technology, Bangalore.
2. Dr. Manju Devi, Mr. Jayaraj N, Ms. Mittu George attended an FDP on "On overview of Teaching Technique in Innovation and Design Thinking" organized by AICTE-VTU Joint training programme for Teachers, VIAT, Muddenahalli, Chikkaballapur Dist during 27/12/2021 to 31/12/2021.

3. Dr. Manju Devi, Dr. Bhargava Rama Gowd, Mr. Jayaraj N and Ms. Nithika Bhasi attended AICTE sponsored FDP on "Inculcating Universal Human Values in Technical Education" organized by AICTE, Nelson Mandela Marg, Vasant Kunj, New Delhi from 13/9/2021 to 17/9/2021.
4. Dr. Preeta Sharan attended an FDP on "Photonics" from 15/11/2021 to 19/11/2021 organized by GAT, Bangalore.
5. Dr. Preeta Sharan attended ATAL FDP on "Quantum & Photonics" from 29/11/2021 to 3/12/2021 organized by Malnad College of Engineering, Hassan.
6. Dr. Preeta Sharan attended ATAL FDP on "Fundamental and applications of photonics crystals and meta-materials" organized by IIIT Allahabad from 4/10/2021 to 8/10/2021.
7. Ms. Sunitha L attended AICTE sponsored ATAL FDP on "Embedded Systems -An Application Drive & Approach" from 25/8/21 to 27/8/21.
8. Ms. Mohanathi and Ms. Iffat Fathima attended an FDP on "Recent trends in Biomedical Applications" from 22/10/2021 to 26/10/2021 organized by BNMIT, Bangalore.
9. Ms. Mohanathi attended FDP on "Exercising Deep Learning Approaches in Various Research" from 16/11/2021 to 20/11/2021 organized by VIT, Chennai.
10. All the ECE faculties attended the FDP on "Recent trends in Photonics" organized by the Department from 14/06/2021 to 19/6/2021.
11. Ms. Laya Tojo attended an FDP on "Antenna Design and its applications" organized by BNMIT, Bangalore from 25/06/2021 to 30/06/2021.
12. Ms. Jisha Chandra attended FDP on "Recent trends in energy and power system" from 31/05/2021 to 04/06/2021 organized by PSNIT, Tirunelveli.
13. Mr. Jayaraj N attended FDP on "Augmented Reality and virtual Reality" organized by AISSMS college of Engineering, Pune from 21/06/2021 to 25/06/2021.

## BOOKS/BOOK CHAPTERS PUBLISHED

1. Dr. Manju Devi, Lakshmi R, Laya Tojo have published a chapter "Unleashing 5G for next generation health care" in the book titled "Internet of Everything Smart sensing Technologies" published by Nova Science Publishers, 17 June 2022 (Scopus indexed).
2. Dr. Preeta Sharan has published a book on "Innovative computing for Green Technologies" published by Notion Press, ISBN 9798886846744, 10th June 2022.
3. Dr. Preeta Sharan has contributed two chapters namely "Distributed Bragg Reflector Biosensor for medical applications" and "Photonic MEMS sensor for Biomedical Applications" for the book titled "Computational Health Informatics for Biomedical Applications" by CRC press, Taylor & Francis Group, Apple Academic Press, ISBN – 978-1-77491-253-9, February 2022.
4. Dr. Chrispin Jiji has Published a book "Analog Circuits and its simulation in PSpice", Vol 1, Pages 115, 23rd June 2021.
5. Dr. Bhargava Rama Gowd has published a book chapter namely "Study on Link Based routing Algorithm for the Desired quality of Service of a network", in New Approaches in Engineering Research, Vol.3, Pages 90-102, 21st June 2021.
6. Dr. Chrispin Jiji has Published a book "Electronic Devices and Instrumentation Laboratory Practice", Selfie page Developers Private Limited, 21st April 2022.

## RESEARCH AND DEVELOPMENT

### PATENTS FILED

1. Dr. Preeta Sharan has been granted a patent on 8.7.2021 for the topic "Photonic Crystal based Biosensor for detection of glucose concentration in Urine and Blood", patent no. 371504.
2. Dr. Preeta Sharan has filed a patent on "Wearable health monitoring and curing device" on 18.06.2021, application no. 3809/CHE/2015A.

### FUNDS RECEIVED

1. Dr. Preeta Sharan received Grant-in-aid of 15.6 lakhs from AICTE, RPS for the title "Health monitoring system of Rail Wheel model using optical sensors" for the year 2021-22.
2. Dr. Preeta Sharan & Dr. Manju Devi received Grant-in-aid of Rs.2500000/- for conduction of project "Design and Development of

Fiber-bragg Grating sensing system for monitoring hand grip muscle fatigue under VGST-CISEE for the year 2021-22.

AICTE, RPS sponsored project

VGST, CISEE sponsored project

Mr. Shaikh Afzal Nehal Ahmed completed his defense viva and got degree awarded under VTU under the supervision of Dr. Manju Devi, Professor and Head of Department of Electronics and Communication Engineering, The Oxford College of Engineering.

Ms. Sajithra Varun S completed her defense viva on 12th August, 2021, under the guidance of Dr. R. Nagaraj, Former Vice Chancellor, Kalasalingam Academy of Research and Education, Srivilliputhur, Virudhunagar District, Tamilnadu.

## DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

### VISION

Equipping Electrical and Electronics Engineering professionals in the cutting-edge technologies of Electrical Science to meet the needs of the ever-changing world.

### MISSION

- **M1:** To learn and experiment most recent innovations in Electrical and Electronics Engineering related to industry.
- **M2:** To provide state of art facilities for the continuous improvement in teaching-learning process and research activities in multidisciplinary areas.
- **M3:** To emphasis ethics, leadership, entrepreneurship skilled Electrical and Electronics Engineers.

### ABOUT THE DEPARTMENT

#### THE OXFORD COLLEGE OF ENGINEERING

The Electrical and Electronics Engineering Department was established in the year 2001, with an intake of 60 students for the Under Graduate

Program (BE) and, the Post Graduate Program (M. Tech) in Power Electronics course was started in 2008 with an intake of 18 students. The VTU Research Centre of the department was started during 2014 and has seen good progress as many scholars have registered for PhD. The Electrical and Electronics Engineering department was accredited by "National Board of Accreditation (NBA)" for the first time in the year 2007 and the Accreditation was renewed in the year 2016. The Department of Electrical and Electronics Engineering got NBA Accreditation for the Third time for the duration of three years from 2018 to 2021.

### HOD'S PROFILE

Dr. Bharath V S is a doctorate from Bharath Institute of Higher Education Research University, Chennai. He has done his post-graduation from Annamalai University and MBA from IGNOU, Graduation from Madras University. He has published several research papers in various National and International Journals (Scopus, Web of Science and SCI) with a very good Research Indices. He published two patents.

He has organized several Conferences, FDPs, Workshops, Project Exhibitions Technical Fests sponsored by various professional bodies. He worked for various Accreditation bodies for the recognition of the department. He worked under various capacities under teaching profession and is actively involved in research. His area of research includes Power Electronics and Drives, Electric Vehicles and Renewable Energy Resources. Currently he is guiding 5 research scholars under VTU University. He had guided 25 M Tech & 50 BE projects. He is a Life Member of ISTE, BOE member of VTU.

## FDP/STTP ATTENDED

1. Faculty Development Program on “Recent Advances in Electrical Vehicle Technology” attended by Dr Devi Vigneshwari from 18th Oct 2021 to 23rd Oct 2021.
2. Faculty Development Program on “Recent Trends in Electrical Engineering” attended by Dr Devi Vigneshwari from 12th July 2021 to 17th July 2021.
3. Faculty Development Program on “AICTE Students Learning Assessment STTP” attended by Prof Nisha C Rani and Dr Devi Vigneshwari from 30th April 2022 to 14th May 2022.
4. International Conference on Engineering Innovation (ICEI-2022) on “Power Loss Electrical Thermal Behavior in EV Drivetrain System” attended by Dr Devi Vigneshwari on 3rd June 2022.
5. International Conference on Engineering Innovation (ICEI-2022) on “Seven Level Multilevel Inverter with Reduced Switches using Novel Design” attended by Prof Jaya Kumar N on 3rd June 2022.
6. One-week online teacher training program on “An overview of Teaching Technique in social connect and responsibilities” attended by Prof Jayakumar N on 7th & 11th March 2022.
7. One-week online LTTP program on “Integration of Renewable sources with power converters” attended by Prof Jaya Kumar N on 6th December to 10th December 2021
8. Prof Jayakumar N has successfully completed “Master class on motor control for EV Application at Pantech Prolabs India Pvt Ltd” on 17th June to 19th June 2021.
9. Faculty Development Program on “Teaching and Learning in Engineering (TALE)” attended by Prof Nisha C Rani from Jan-Feb 2022.
10. Faculty Development Program on “Recent Trends in Electrical Engineering” attended by prof Nisha C Rani from 12th July 2021 to 17th July 2021.
11. Faculty Development Program on “Advanced reactive power management of power networks” attended by prof Nisha C Rani from July 5th to July 8th 2021.
12. International Conference on Engineering Innovation (ICEI-2022) on “Power Loss Electrical Thermal Behavior in EV Drivetrain System” attended by Prof Sumitha T L on 3rd June 2022.
13. Faculty Development Program on “Inculcating Universal human values in Technical Education organized by AICTE” attended by Prof Sumitha. T.L and Prof Resna S R from 13th Sept 2021 to 17th Sept 2021.
14. Faculty Development Program on “Overview of Teaching Techniques in Innovation & Design Thinking” attended by Prof Resna S R on 27th to 31st December 2021.

15. Faculty Development Program on “Introduction to Smart grid” attended by Prof Resna SR from July-Sept 2021.

## DEPARTMENT OF BIOTECHNOLOGY

### VISION

Aspiring to be recognized as a premier source of outstanding graduates, who in turn will help their enterprise attain and sustain industrial and societal competitiveness.

### MISSION

To create and disseminate knowledge by being accountable for developing and motivating our pupils to attain academic excellence and industrial competency. With our focus on teaching, learning & research, we engage in helping our students to face challenges in the field of Biotechnology.

### ABOUT THE DEPARTMENT

Biotechnology Engineering is a multi-disciplinary branch having applications in multiple fields including Health care, Agriculture, Food Industry and Environmental issues. This rapidly advancing branch was initiated in our college in the year 2003. Since then, the department is growing vertically in terms of Academics, Research, Co-Curricular and Extracurricular activities facilitating the all-round growth of students. The department is affiliated to VTU and has been accredited by National Board of Accreditation for a period of 3 years up to June 2025. The department has bagged 2nd 7th, & 9th VTU ranks. The department has excellent infrastructure for Research

& Development involving well maintained classrooms and highly equipped laboratories which are designed for today's technological challenges. Department has highly qualified faculties with Doctorate. Department has 5 publications in reputed international journal, 3 patents and 3 products to its credit during the academic year 2021-22. The department has received financial assistance from reputed funding agencies viz., VTU, VGST, AICTE, DRDO-NRB, DAE-BRNS, DBT-BIRAC, NIF.

## HOD'S PROFILE

Dr. B. K. Manjunatha, presently working as Professor & Head, Department of Biotechnology, The Oxford College of Engineering. He is instrumental in initiating research culture in the department and established well equipped Research lab with financial assistance from various state and central funding Organizations. His research ideas reflecting societal problems and Industry need were well appreciated by various funding organizations viz; Visvesvaraya Technological University (VTU), National Innovation Foundation (NIF), Department of Atomic Energy-Basic Research in Nuclear Sciences (BRNS), Naval Research Board (NRB), DRDO, AICTE, BIRAC, DBT, KSCST, IISc Bangalore, Vision Group of Science & Technology (VGST) with financial assistance to execute the idea into prototype, a total of 1.35 crores was received till date. His innovation has been submitted for exclusive ownership in the form of patents, to his

credit he has 4 patents. He successfully guided two Ph.D., candidate for the award of Doctoral degree and other two research scholars are pursuing for Ph.D., degree. To his credit, he has Total 68 national and international research papers of high reputed journals. His h-index is 18, i10-index is 26 with 1337 citations. He received best research paper award in 2004 by Indian Drug Manufacturers Association and Best researcher award in 2021. He is the Associate Life Member of Society for Free Radical Research, BARC, Mumbai and Member in IEEE-EMB Society. He Successfully conducted various FDP, FITP, STTP, Symposium and webinars viz., DST-TIFAC, KSCST, VTU, AICTE etc.

## FACULTY ACHIEVEMENTS

Dr. B. K. Manjunatha received best researcher award in IRESFO 2021

## STTP Organized

The Department of Biotechnology of The Oxford College of Engineering organised AICTE sponsored **Short term training program (STTP)** in 4

phases on "**Startup Driven Bioinnovation & IoT for Sustainable Agri-tech**", in association with KSCST (Karnataka state Council for Science and Technology, Government of Karnataka), NRDC (National Research Development Corporation, Government of India, New Delhi), BBC (Bangalore Bioinnovation Centre, Bengaluru) and VTPC (Visvesvaraya Trade Promotion Centre, Department of Industries & Commerce, Government of Karnataka) as knowledge partners for the benefit of all the faculty members across the globe.

### FDP Attended

- Dr. B. K. Manjunath, Dr. K. Valarmathy, Dr. Nathiya T, Mr. Divakara R and Ms. Salma Kausar. M. attended Pahse1,2,3 and 4 of the AICTE Sponsored One Week Short Term Training Programme (STTP) on "Startup driven Bio innovation and IOT for Sustainable Agritech" conducted The Oxford College of Engineering, Bangalore.
- Dr. K. Valarmathy and Dr. Indulekha John attended 10 days Idea to patent course from 30th May to 8th June 2022 Organized by Turnip Innovations.
- Dr. K. Valarmathy and Dr. Indulekha John attended 10 days Patent Analytics course from 26th May 2022 to 4th May organized by Turnip Innovations.
- Dr. K. Valarmathy, Ms. Salma Kausar M and Dr. Indulekha John attended UGC-AICTE online FDP on Universal Human Values from 11th to 15th July, 2022.

## RESEARCH AND DEVELOPMENT

The Department is doing outstanding research work in VTU approved Research and Development (R&D) Centre. The department has established unique research facilities, viz., Centre for Natural Product Research (With financial assistance from VTU; AICTE, New Delhi & DAE-BRNS, DRDO, New Delhi); Centre for Computational Medicinal Chemistry in Drug Discovery (with financial assistance from Vision Group of Science and Technology, Govt. of Karnataka) and Centre for Bioremediation (With financial assistance from Naval Research Board, DRDO, New Delhi & DBT-BIRAC, New Delhi).

## PATENTS

1. Dr. B. K. Manjunath, and Dr. K. Valarmathy. "An Integrated System of Image Recognition Along with Artificial Intelligence for Accurate Prediction of Lung Cancer Using Various Medical Modalities" Patent application number: 202241020244, Patent applied on 04/04/2022 and published on 13/05/2022.
2. Dr. B K Manjunath, Divakara R, Sushma Bhandarkar and Kunalika M H. "Herbal water formulation and method of preparation thereof" Patent application number: 202241034985, Patent applied on 18/06/2022.
3. Dr. B K Manjunath, and Dr. Praveen Kumar S V. "Bioremediation of Oil and Method Thereof" Patent application number: 202241034983, Patent applied on 18/06/2022.

## FUNDED PROJECTS

Dr. B. K. Manjunatha received Rs. 40,00,000/- for the project titled "Efficient bioremediation tool for hydrocarbon contamination management, scale up and pilot scale study" from Biotechnology Industry Research Assistance Council (BIRAC), Department of Biotechnology (DBT), Government of India.

Dr. B. K. Manjunatha received Rs. 4,41,331/- Nanotisation of Herbal drugs from National Innovation Foundation, Ahmedabad. Govt of India.

## PRODUCTS DEVELOPED

PETROZAP

AYUR ACQUA

- Petrozap - A Bioremediation Formulation with Financial Assistance from DRDO-NRB & BDT BIRAC, Govt of India.
- Ayur aqua - A Unique Aqua product blended with natural essential oil to enrich water and to offer health benefit.

## DEPARTMENT OF MECHANICAL ENGINEERING

### VISION

To become the center of excellence to provide the state-of-the-art engineering education in mechanical engineering and making individual to be capable of building nation in the new millennium.

### MISSION

- **M1:** To provide excellent teaching and learning process for the students to meet the current needs and standards of the industries and higher learning process.
- **M2:** To promote research and development activity in the recent emerging trends of mechanical engineering branch.
- **M3:** To provide the students with good communication skill, lifelong learning, team spirit and leadership qualities to face the current society.

### ABOUT THE DEPARTMENT

The department of Mechanical Engineering in The Oxford College of Engineering is a flagship department of the college. The department was started in the year 2002, and since then the department has been buzzing with activities viz., seminars, workshops, technical quiz, invited guest lectures, industrial visits, conferences etc., that enhance the employability

of our students. The faculties of the department are cherry-picked and they are experts in their own field. The students admitted in the department are well trained both theoretically and practically to face the real world. Industry internship has been made compulsory for all the students. At the end of four years of study, the students are made industry-ready to take the bull by the horn. Also, many graduates from the department have acquired higher degrees from reputed universities at abroad. The alumni of the department are spread all over the world contributing significantly for the well-fare of the humanity. The students of the department have brought laurels to the institution by winning many medals at the university and state level sports competitions. The students are encouraged to participate in co-curricular activities and competitions.

### HOD'S PROFILE

Dr. Madhu Sudana Reddy G working as a professor and Head of the Department in Mechanical Engineering. He has graduated his M. Tech (Materials/ Manufacturing Science) from the M.S. Ramaiah institute of Technology in the year 2008. He has completed his Doctor of Philosophy in the year 2019 on the area of Thermal spray coatings/ Composite Materials under the guidance of Dr.M.R. Ramesh, Professor, Dept of Mechanical Engg, NITK Surathkal, Karnataka and Dr. Nageswara Rao.T, Director, Gitam University, Bangalore, Karnataka. He has more than 14 years of teaching and 2 years of industrial experience. His area of research is on thermal spray coatings, composite materials, PMCs and MMCs. He has several research publications in reputed SCI/Scopus indexed journals. He is currently working under the Research project entitled as "Studies on Hot corrosion and erosion behavior of thermally sprayed composite coating for high temperature industrial Application" under VTU Research Grant Scheme. He is professional member in various professional bodies like Indian society of technical education, Institute of Engineers, Indian institute of Metals, Materials Research society of India, Institute of Research & doctors, and International Association of Engineers. He is currently the BOE member in the Automobile Engineering board and Research Supervisor in the Faculty of Mechanical Engineering Sciences, Visvesvaraya Technological University (VTU) Belagavi.

## STUDENT ACHIEVEMENTS

- Mr. Naveen Kumar Jaishwal of final year has won the competition in National Level Hackathon in the domain of Medical Device Technology which was organized at Dr Ambedkar Institute of Technology, Bangalore
- Mr. Naveen Kumar Jaishwal of final year has won the internal SIH National level Hackathon in Medical Device Technology, which was conducted at The Oxford College of Engineering, Bangalore

- Mr. Naveen Kumar Jaishwal of 8th semester student has won the first prize in the project competition in VTU – Education Conclave for the project titled “Human Bite Force Measurement” under the mentorship of Mr. Anup M Upadhyaya.

4. Mr. Rajesh Ponnappa, Alumni of the Mechanical Engineering Department bagged All India 222 rank in the UPSC 2021.

5. Mr. Prajwal P Patil got selected for the "Photonic Engineering" Master's Degree in one of the top reputed University, Ghent University, Belgium. Mr. Prajwal worked under the mentorship of Dr. Preeta Sharan and Mr. Anup M Upadhyaya. Management, Principal and HOD - Dr Madhu Sudana Reddy G has congratulated the student for his achievement.

### DEPARTMENT ACTIVITIES

National Energy Conservation Day was conducted on 14th December 2021. Mr. JayaKumar, Assistant Professor from the Department of Electrical and Electronics Engineering, TOCE was the resource person.

Mechanical Software training program has been organized for staffs and students for about days on 9th and 10th June 2022 in the Department of Mechanical Engineering, The Oxford College of Engineering, Bangalore, India. This is in association with VTU-ALTEM Technologies. Mr. Manohar from ALTEM Technologies trained the students and staffs on ALTEM mechanical software.

Department of Mechanical Engineering, The Oxford college of Engineering, Bangalore has organized the industrial visit to the Indian Space Research Organization (ISRO) URSC in Bangalore on 12th April 2022.

### FUNDS RECEIVED

Dr. Madhu Sudana Reddy G (Principal Investigator) and Mr. Anup M Upadhyaya (Co – Investigator) received Rs 11,00,000/- from VTU-RGS for the project 'Studies on Hot corrosion and erosion behavior of thermally sprayed composite coating for high-temperature industrial Application.

## DEPARTMENT OF MECHANICAL ENGINEERING

### VISION

To impart very high-quality education to the students to make them do innovative sustainable engineering relevant to industry and people at large.

### MISSION

- **M1:** To emphasize on basics of engineering as well as their applications relevant to the industry.
- **M2:** To serve the society with due consideration of economy, ecology and ethical issues of nation.

- **M3:** To sensitize the students and faculty to take up research and consultancy to be on par with international standards.

### ABOUT THE DEPARTMENT

The Department of Civil Engineering consists of Following areas of Technical Specialization: Structural Engineering, Highway and Transportation Engineering, Environmental Engineering, water resource and hydraulic engineering, Surveying and Geographical Information System (GIS). In addition, Department is also offering two years Post graduation Program MTech in Structural Engineering and also Ph.D. Program. The Department has Nine laboratories for UG, PG as well as

PhD programs with state of art of the equipment. Keeping ourselves up to date with latest developments in this fast-advancing technical world is important and hence we have a set of dedicated, hardworking faculty team in our department. The Department Continuously strives very hard to provide world class facilities for education and research.

## HOD'S PROFILE

Dr. Malleshaiah T.S, presently working as Head of the Department of Civil engineering is holding a Ph.D. degree in Civil Engineering. His specialization is in the area of Water resource and Hydraulics Engineering and obtained his Ph.D. degree from Visvesvaraya Technological University. He has vast experience in teaching. Dr. Malleshaiah, started his career in the teaching field in "The Oxford Educational Institution", as an Assistant professor and he has a career span of more than 30 years in the same institution. He has guided more than 150 students in B.E. final year project work. Also, he has taught the subjects prescribed by the Visvesvaraya Technological university in Civil Engineering Stream of first to fourth year of the course. He has also served duty of being BOE of the university level examinations.

## RESEARCH & DEVELOPMENT

The thrust areas in Civil Engineering under research areas are-Structural Engineering, Earthquake Engineering, Concrete Technology, Water Resource Engineering, Environment Engineering and various faculties are available under the following area of expertise.

Dr. Amarnath K is recognized as a research supervisor and Mr. Avinash Specialized in structural Engineering is a research scholar under his guidance.

## DEPARTMENT OF AUTOMOBILE ENGINEERING

### VISION

To establish the department as a renowned centre of excellence in the area of scientific education, research with industrial guidance and exploration of the latest advances in the rapidly changing field of Automobile Engineering.

### MISSION

The Department will serve its students, industry and society by fulfilling the mission of learning, and engagement through the creation, dissemination and application of engineering methods. Encourage students to continuously challenge the existing methods in Automobile Engineering with an intention to align the students towards research. Impart knowledge on practical aspects and professional standards relevant to the practice of Automobile Engineering in the many aspects of modern life where it plays a vital role.

### ABOUT THE DEPARTMENT

Automobile Engineering is one of the specialized engineering disciplines. The concepts of which the most of the engineers, are rightly reflected by curriculum framed by reputed universities all over the world. The department started with an intake of 60 students in the academic year 2011-2012 and M Tech in Automotive Engineering is added in the year 2014-2015 with an intake of 18 Students.

### HOD'S PROFILE

Dr. Raju B R presently working as Professor and Head, Department of Automobile Engineering, The Oxford College of Engineering. He has more than 25 years of teaching and industrial experience, received more than 40 lakhs worth of grant from various funding agencies including AICTE, Govt. of India, New Delhi, VGST, Govt. of Karnataka, VTU, Belgaum and KSCST, IISc, Bangalore. He is the professional life member in the Indian Society for Technical Education (ISTE), New Delhi and he has published 56 research papers in reputed journals and published paper of National-20 and International-36 and guiding for 5 PhD research scholars. He is currently, appointed as BOE-Chairman to the Automobile Engineering Board by VTU Belgaum for the academic year 2021-22, and also appointed as BOS-Chairman to the Automobile Engineering for the CBCS Scheme 2022-2025 by VTU Belagavi and also a member of B.O.E. to the Automobile Engineering for the academic years 2016-2017 and 2018-2019 by VTU Belagavi. He invited as a chair person for various National and International conferences and workshops, and a resource person for FDP's/STPs to various reputed institutions. He organized and conducted 6 AICTE, VTU –VGST and AICTE-ISTE sponsored National level FDPs and STTPs and also went to Karnataka Public Service Commission, Govt of Karnataka as a selection committee member for RTO.

### FDP ORGANIZED

The department has conducted AICTE-ISTE sponsored FDP/Refresher Program on "Recent Advances in Material Design, Manufacturing, Characterization, Machining, and Applications from 22nd to 28th February 2022.

The AICTE-ISTE sponsored FDP on "Recent Advances in Materials Design, Manufacturing, Characterization, Machining & Application" inaugurated by Dr. B.E. Rangaswamy Registrar (Evaluation), VTU Belagavi and Dr. Raju B R, FDP Co-coordinator gave welcome speech to all the participants on 22nd Feb. 2022. Total 50 participants were attended the programme and gained the knowledge in the field of material design and manufacturing and characterization in which 20 outside participants and 30 internal participants were attended. The sessions were handled by the various subject experts and details of talks are enclosed in the programme schedule. At talk on Growth Through Innovation and New Product Development by resource person Dr. K N Subramanya, Principal, R V College of Engineering, Bengaluru and Internet of Things resource person by Dr. Shanmukha Nagaraj, Professor RVCE Bangalore.

## DEPARTMENT OF MECHATRONICS ENGINEERING

### VISION

To develop the Mechatronics Department as a leading educational and research program with innovation in the design and development of electro-mechanical systems, intelligent machines and products.

### MISSION

- M1: To provide an outstanding education in Mechatronics Engineering with a rich diversity of skills.

- M2: To contribute to the community prosperity through professional services and research.
- M3: To prepare graduates with ability to engage in life-long learning and capable of carrying out engineering practice with competence.

### ABOUT THE DEPARTMENT

The Department of Mechatronics Engineering was established in the year 2011, offering B.E. in Mechatronics Engineering with an intake of

60 students. Since its inception, the department is growing vertically in terms of Academics, Research, Co-Curricular and Extracurricular activities facilitating the all-round growth of students. The department is affiliated to VTU and has been accredited by National Board of Accreditation from 2019-2022 and now renewed for the next 3 years up to June 2025. The department has bagged many VTU ranks. The department has well developed laboratory infrastructure which bridges the gap between industry and academia. Industrial automation, Robotics, Automotive Electronics, Mechanical Design, Noise and Vibration are the thrust areas of research. The discipline inculcates the broader spectrum of engineering knowledge to meet the demands of future requirements. To prepare industry ready engineers of future, the department has a right blend of faculty members having expertise in Mechanical, Electronics and Mechatronics engineering disciplines.

The Department has excellent infrastructure involving well maintained classrooms and highly equipped laboratories which are designed for today's technological challenges. The Department is doing outstanding research work in VTU approved Research and Development (R&D) Centre.

## HOD'S PROFILE

Dr. Manjula C presently working as Associate Professor & Head, Department of Mechatronics Engineering at The Oxford College of Engineering. She has completed her Ph.D from VTU in the year 2021. She has published 6 research papers in national and international journals. She has proved to be a good organizer by organizing several Conferences, FDPs, Workshops, Project Exhibitions, Technical Fests sponsored by various professional bodies. She has worked for various Accreditation bodies for the recognition of the Department. She has worked under various capacities in teaching profession and is actively involved in research.

### Outreach programs organized

Sl. No.	Date	Activity
1.	20-7-2021	An outreach programme on "Visit to Old Age Home" was organized by 4th & 6th semester students of Department of Mechatronics at Mother Destitute Home, #5, Nanjappa Layout, 3rd Cross Road, Narayanapurra, Bengaluru, Karnataka 560077.
2.	19-7-2021	An outreach programme on "Covid-19 Awareness Programme" was organized by 4th & 6th semester students of Department of Mechatronics at 47 Main Road Muni Reddy Layout, Hongasandra Bus Stop Bangalore. The main aim of this awareness programme is to create awareness to maximum number of people to stay safe form the transmission and spread of corona virus (COVID-19).
3.	26-6-2022	Our Current VI semester students of Mechatronics Department participated in the sweeping and painting the walls of KR Circle (Parivarthan Drive) as a part of Swachh Bharat Abhiyan on 26/6/2022.

### Memorandum of Understanding

During the academic year 2021-2022, the Department of Mechatronics Engineering has signed MOU with 3 industries for two years namely,

1. VI Solution.
2. KGTTI (Karnataka German Technical Training Institute).
3. GTTC (Government Tool room & Training Center).

### STUDENTS ACHIEVEMENTS

Our students Arvind M.S, Deon Gomes, Skanda Narayan J, Dheeraj V of current VIII semester Mechatronics Department Participated in the Project Expo-2022, a national level technology exhibition platform organized by The Oxford College of Engineering on July 01-2022 and got 3 prize for their project titled "SMART WALKING STICK".

#### FDP Attended by Faculties

1. Dr. Manjula C, attended a FDP titled “recent advances in material design, manufacturing, characterization, machining, and applications” during 22/02/2022 to 28/02/2022 organised by TOCE.
2. Syed firozuddin, attended a FDP titled “recent advances in material design, manufacturing, characterization, machining, and applications” during 22/02/2022 to 28/02/2022 organised by TOCE.
3. Seema V attended a FDP titled “recent advances in material design, manufacturing, characterization, machining, and applications” during 22/02/2022 to 28/02/2022 organised by TOCE.

## DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

### VISION

To Produce Technocrats with Creative Technical Knowledge in the area of Artificial Intelligence & Machine Learning to Excel in the Highly demanding World.

### MISSION

- To Deliver Quality Education through Modern Teaching Pedagogy at par with the Industrial Standards using the best of infrastructure.
- To Impart Theoretical, Computational and Practical Knowledge in the area of Artificial Intelligence and Machine Learning.
- To Produce Graduates as an Entrepreneurial and Socially responsible professionals with ethical and moral values.

### ABOUT THE DEPARTMENT

We started our journey in the year of 2021, with Artificial Intelligence and Machine Learning Engineering. The primary focus of the course is to promote young engineers as frontiers in the field of Artificial Intelligence and Machine Learning (AI&ML), with problem-solving skills and innovation of new technologies. The 4-year full-time program presents exposure to hands-on technologies to create applications and solutions for the world that we live in.

This Program is designed to enable students to build Intelligent Machines, Software Applications with a cutting-edge combination of Machine Learning, Analytics and Visualization Technologies. There are many applications for Artificial Intelligence & Machine Learning, such as social

media, healthcare, e-commerce, weather forecast, traffic monitoring, text mining, robotics etc. There is a huge demand for professionals in the field of Artificial Intelligence, Data Analytics, Data Mining, Machine Learning or Deep Learning and data science in the near future.

### HOD'S PROFILE

Dr. P. Bindhu Madhavi is a doctorate from Srikrishna Devaraya University, Anantapur, post-graduation from Acharya Nagarjuna University and Graduation from Jawaharlal Nehru Technological University, Andhra Pradesh. She has a book on Computer Graphics & Visualization and published several research papers in various National and International Journals (Scopus, Web of Science and SCI). She published two patents during 2021-22. She is also been recognized with “Best Research Paper award” by reputed International Publishers, organized many FDPs, workshops and trainings. She also organized many Conferences, FDPs, Workshops and Project Exhibitions Technical Fests. She worked under various capacities under teaching profession and is actively involved in research and received a fund for consultancy project. Her area of research

includes Computer Networks, Image Processing & Artificial Intelligence. Currently she is guiding 3 Research Scholars under VTU University. The BE project batches guided by her titled "Performance Evaluation of a Metropolitan Air Pollution Sensing System based on Prototype Design" and IOT Based Night Patrolling Robot Using Multi Model Neural Network had been selected for KSCST for the years 2017-18 and 2021-22. She is a Life Member of ISTE, BOE member and BOS Invitee of VTU. She also served as a SPOC for SIH and IIC Convener in TOCE, Bangalore.

## DEPARTMENT OF BUSINESS ADMINISTRATION

### VISION

To impart value-based management education to the students, to nurture and enhance their competencies and to prepare them to face the challenges of industry, Society and country.

### MISSION

To provide integrated knowledge and demonstrated ability to the students and to groom them towards building their careers well equipped professionals. To foster a passion for learning, creative thinking and leadership skills that help in developing entrepreneurial abilities among the students.

### ABOUT THE DEPARTMENT

The Master of Business Administration (MBA) is the flagship program of The Oxford College of Engineering, started in the academic year 2001-

2002. MBA course is a 2 year (4 semester) full time postgraduate course approved by All India Council for Technical Education (AICTE), New Delhi and affiliated to Visvesvaraya Technological University (VTU), Belagavi. MBA Course is designed to empower the students with skills and capabilities to reach responsible global positions in their career. The two-year degree of Master of Business Administration is an Outcome Based Education (OBE) and Choice Based Credit System (CBCS) scheme effective from the academic year 2018 – 19. CBCS course customized the Course work, through Core, Elective and soft skill courses, that involves a combination of lectures/field work/outreach activities/project work/vocational training/viva/seminars/internship/assignments/presentations/self-study/quiz etc., that help in the overall necessary support for the students to achieve their academic goals. The 1st year of the course comprises of 6 core papers in 1st semester and 6 core papers in the 2nd semester. In the 2nd year, along with 2 core papers, the student can opt for single or dual specialization in the following streams of Marketing, Finance & HR. Padmaja Peram has

completed her PhD from the Research centre of the Department. Presently two research scholars are pursuing their PhD under the guidance of Dr. K Tharaka Rami Reddy.

## HOD'S PROFILE

Dr. K. Tharaka Rami Reddy has obtained MBA from Sri Krishnadevaraya University, Anantapur (AP) and Ph.D in Marketing from Sri Venkateswara University, Tirupati (AP) and has 28 Years of experience which contains 23 Years in Teaching and 5 Years in Industry. He has to his credit 33 papers, which have appeared in leading International & National journals. He actively participated and presented 51 Papers in various International and National Seminars and conferences. Currently he is working as a Professor & HOD in the Department of Management Studies at The Oxford College of Engineering. He is the BOE-VTU for the Academic year 2021-22.

4	21-07-2021	Save Water – Safe Life Campaign	Hosa Road

## Entrepreneurship Mela

Entrepreneurship mela is considered as one of the tactical methods of teaching. The main reason behind this E Mela was to let students inculcate the entrepreneurship qualities. Moreover, it gives practical exposure from academic point of view. Director, Dr K S Ravi Kumar inaugurated the event and interacted with students and shared his ideas about business and marketing through personal experiences.

## CSR – ACTIVITY – PROMOTING EDUCATION

The MBA department of The Oxford College of Engineering conducted an outreach program on 24th May 2022, with a visit to the Mathrubhoomi, a non-profit organization. Stationary items comprising of ruled books, lead pencils, colour pencils, blue and red pens were purchased and distributed it to 17 children of Mathrubhoomi.

## AICTE Sponsored Conference Organized

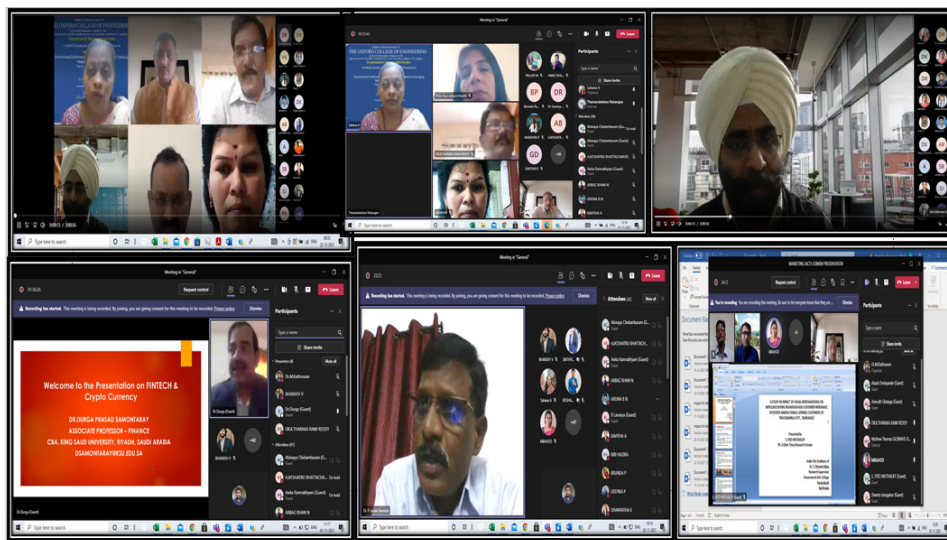

The Department organised a two-day AICTE Sponsored International Conference on Business Management in Emerging Markets (ICBMEM-2021) on 1st & 2nd November 2021.

The Inaugural address was delivered by Dr. Manpreeth Singh Manna, Former Director, AICTE, Associate Professor, SLIET Patiala, Punjab. A total of 80 papers were presented in the Two-day conference and the following expert lecture sessions were conducted. The Expert Speech on the topic “Disruptive Technologies in Marketing” was delivered by Dr. Thamaraiselvan Natarajan, Professor Management, National Institute

of Technology Tiruchirappalli. Dr. Durga Prasad Somantary, Associate Professor, King Saud University, Kingdom of Saudi

Arabia delivered a speech on “Fintech in Emerging Markets”. Dr. P. Janaki Ramudu, Professor, Dean (Academics), Institute of Management Technology, Nagpur delivered a speech on “Role of Finance in Sustainable Development”.

## FACULTY ACHIEVEMENTS

### FDPs Attended by Faculty

1. Dr. M Kathiravan attended 5-day online FDP on “inculcating Universal Human Values in technical Education “ from 14th March, 2022 to 8th March ,2022, Organized by All India Council for Technical Education New Delhi.
2. Prof. Lakshmi Suneetha Participated and successfully completed 5-day FDP on “Inculcating Universal Human Values in Technical Education” organised by All India Council for Technical Education (AICTE) from 28th March 2022 to 1st April 2022.
3. Prof. Sahana A Participated in a 5-day management development programme on “Role of Business in Sustainable Development” organised by RV Institute of Management, Bangalore from 24th to 28th January 2022.
4. Prof. Sahana A participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Social Enterprise Management” from 23rd October 2021 to 27th October 2021 organised by Institute of Management Studies, Banaras Hindu University.
5. Prof. Sahana A participated and successfully completed 5-day FDP on “Inculcating Universal Human Values in Technical Education” organised by All India Council for Technical Education (AICTE) from 27th September 2021 to 1st October 2021.
6. Prof. Sahana A participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Research Methodology” from 26th July 2021 to 30th July 2021 organised by Indira Gandhi Technical University for Women.
7. Dr. Tharaka Rami Reddy participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Research Methodology” from 26th July 2021 to 30th July 2021 organized by Indira Gandhi Technical University for Women.
8. Prof. Sahana A participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Emerging Paradigms in Organisational Behavior” from 5th July 2021 to 9th July 2021 organized by Shri Ram College of Commerce, New Delhi.

9. Dr. Tharaka Rami Reddy participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Emerging Paradigms in Organisational Behavior” from 5th July 2021 to 9th July 2021 organized by Shri Ram College of Commerce, New Delhi.
10. Dr. Tharaka Rami Reddy participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Sustainable Change management” from 6th September 2021 to 10th September 2021 organized by International Management Institute, Kolkata.
11. Dr. Tharaka Rami Reddy participated and completed AICTE Training & Learning (ATAL) Academy FDP on “Understanding Human Behaviors in Organizations” 17th august 2021 to 21 August 2021, organized by Prestige Institute of Management and Research.
12. Dr. M Kathiravan attended Two-week Capacity Building Programme on “Data Analysis and Research Methodology in Social Sciences” organised Department of Commerce, Alagappa University, sponsored ICSSR on 3rd September to 14th September 2021.

## DEPARTMENT OF MASTER OF COMPUTER APPLICATIONS

### VISION:

Excel to meet the global needs of Computer Education, Research, Service and Human Resource with Competitive edge.

### MISSION:

Learner Centered Education Industry Centered Service and Research Strong Community Relationship serve the Under Served; Meet the Regional, National and Global Educational Needs Inter Organizational Linkage Strategic Future Oriented Planning Professionalism in Computer Applications Excellence in Knowledge, Skills, Service and Attitude Open Organizational Climate.

### ABOUT THE DEPARTMENT

The Department of MCA, which was started in the academic year 2001-02, has excellent infrastructure in terms of digital classrooms, a dedicated MCA library and a centrally air-conditioned and networked computer laboratory. The Master of Computer Applications (MCA) programme is a two-year programme affiliated with Visvesvaraya Technological University (VTU) in Belgaum, Karnataka, and approved by the All India Council of Technical Education (AICTE) in New Delhi, ranked as one of the top 10 colleges in terms of intellectual capital and academic excellence by Business & Management Chronicle magazine in 2022. IEEE Conferences, National & International Symposia, Workshops, FDPs, and Inter-collegiate Technical Fest Oxytech are held for the purpose of nurturing students through extra-curricular activities. It organizes industrial—webinars, webcasts, visits, and expert lectures regularly. Teaching faculty and technical team that is highly qualified and experienced in excellent placement training, services, and recruitment.

### HOD'S PROFILE

Dr. M. S. Shashidhara is a Professor and Head of the Master of Computer Applications Department at The Oxford College of Engineering in Bangalore. He has 30 years of experience in projects, teaching, and R & D. He has M.E., M.Phil, and a Ph.D. in Computer Science. Many students have completed their Ph.D under his guidance, and 5 research scholars are pursuing their Ph.D at present. He has published 3 books and several research papers in national and international journals. He is the BOS and BOE member of VTU, BOS-National College Autonomous, BOE-Mangalore University. He has more than 50 publications to his credit. Dr. M S Shashidhara received the Best Faculty Award in 2019. He is also a member of the Computer Society of India (CSI), a Life Member of the Indian Society for Technical Education (ISTE), and a Senior Member of IEEE. He has organized many

national and international IEEE conferences, technical fests, workshops, FDPs, webinars, and guest lecturers for the benefits of both students and faculty. He is a recipient of the prestigious "SARVOTHAMA ACHARYA PURASKAR", a national award for impact creators in engineering education. His expertise in this domain is unmatched.

8. Abhilash Tripathy(10X21MC002), Ashok Kumar(10X21MC017), Daniya Kouser (10X21MC030), Bundela Meet (10X21MC025) as a team secured 1st position in Ideathon under the category engineering conducted on 25th April 2022 by MCA dept, TOCE.

### Placement

Students got placed in 20 companies like TCS, Capgemini, Accenture, Cognizant, Infosys, IBM, and Happiest Minds and bagged around 65 offer letters. Keerthana C N (10X20MC040), Nisarga V (10X20MC063), Pooja Patel (10X20MC068) got highest package offer letter of 5.5 Lpa from Happiest Minds.

## FACULTY ACHIEVEMENTS

- Dr. M S Shashidhara appointed BOS and BOE member for National College Basavanagudi, Bangalore for academic session 2021-22.
- Prof Dharamvir appointed as BOE member for Jain University, Bangalore for academic session 2021-22.
- Dr. M. S. Shashidhara attended webinar on "Teaching Engineering courses in Kannada-Prospects & Challenges" by VCET-Puttur on 17 September 2021.
- Dr. M. S. Shashidhara attended 2-Day International Conference on ICBMEM-2021 on 1-2 November 2021.
- Dr. M. S. Shashidhara attended 5 Days STTP on "Writing & Publishing High Impact Research Publication & Scientific Documents organized by REC-Chennai "19-24 October 2020.
- Prof. Dharamvir attended and completed successfully NPTEL Online Certification with 85% in "Data Science for Engineers" during July – September 2021.
- Prof. Dharamvir attended and completed successfully Udemy Online Certification in "Machine Learning & Data Science using Python" during November 2021.

- Prof. Dharamvir attended and completed successfully UdeMy Online Certification in “The Web Developer Boot camp 2021” during March 2021.
- Prof. Dharamvir attended and completed successfully UdeMy Online Certification in “Guide to effective Research” during March 2021.
- Prof. Dharamvir attended and completed successfully AICTE-ATAL-FDP on “Optoelectronics: Advance Materials & Devices” during 01-05 February 2022.
- Prof. Dharamvir attended and completed successfully AICTE-ATAL-FDP on “Recent Developments in IoT” during 17-21 January 2022.
- Prof. Dharamvir attended and completed successfully AICTE-ATAL-FDP on “Game Theory & Commutation Network” during 10-14 January 2022.
- Prof. Dharamvir attended and completed successfully AICTE-ATAL-FDP on “Artificial Intelligence and Block chain Application for Food Agriculture Sector” during 24-28 January 2022.
- Prof. Dharamvir presented Research paper in ITDECC-2021, SRM University, Ramapuram Campus, and Chennai on 17-18 May 2021.
- Prof. Dharamvir presented Research paper in ICRTCIS-2021, Arya College of Engineering, and Jaipur on 22-23 October 2021.
- Prof. Dharamvir attended Awareness workshop on NIRF INDIA RANKING-2021 for Higher Education Institutions on 18-19 January 2021. From IAE, Hyderabad
- Prof. Dharamvir attended International webinar on “How to Write and publish your academic Research paper” organized by KCT, Coimbatore on 23 October 2021.
- Prof. J C Achutha attended and completed successfully 5 Day FDP on “Inculcating Universal Human Values in Technical Education” during 27th September-01 organized by AICTE-New Delhi.
- Prof. J C Achutha attended 6 Day Hands on Workshop on “Data Analytics” from 26th 31st July 2021 organized by RMKCET.
- Prof. J C Achutha attended and completed successfully AICTE-ATAL-FDP on “Artificial Intelligence and Machine Learning with Data Science” during 14-18 July 2021.
- Prof. J C Achutha attended and completed successfully AICTE-ATAL-FDP on “Artificial Intelligence and Green Power Technology” during 14-18 June 2021.
- Prof. J C Achutha attended and completed successfully AICTE-ATAL-FDP on “Recent Trends in Cyber Security” during 5-9 July 2021.
- Prof. J C Achutha attended 5 Day Workshop on “Zero Coding: Data Analytics and Machine Learning for IoT Automation” from 21st-25th June 2021 organized by VIT, Vellur
- Prof. J C Achutha attended 5 Day FDP on “Recent Trends” from 8-12 June 2021 organized by Ramaiah University.
- Prof. J C Achutha attended 6 Day STTP on “Cyber Criminology and Network Security” from 14-19 December 2020 organized by GCEM.
- Prof. J C Achutha attended and completed successfully AICTE-ATAL-FDP on “Artificial Intelligence and Machine Learning with Data Science” during 14-18 July 2021.
- Prof. Ashok B P attended and completed successfully AICTE-ATAL-FDP on “Machine learning applications for Autonomous Driving” during 24-28 January 2022
- Prof. Ashok B P attended and completed successfully AICTE-ATAL-FDP on “Industry 4.0” during 31-January-04 February 2022
- Prof. Ashok B P appointed BOE member for VTU Belagavi for academic session 2021-22.

### Funded Projects

Dr. M. S. Shashidhara received Rs 1,00,000/-for the Abhilash (Atma Nirbhar Bharat for Highly Innovative Level of Acquiring Students Harmony) Club from AICTE-Scheme for promoting interests, creativity and Ethics among Students (SPICES).

## DEPARTMENT OF MATHEMATICS

### VISION

We envision that our department will continue to grow as an intellectually stimulating environment that attracts engineers who have a knack for interdisciplinary research. We hope that the department will play a central role in bridging fundamental sciences and engineering.

### MISSION

Our mission is to educate our students to excel in their work as well as mentor the next generation of engineers. We provide Engineering Mathematics with theoretical and application-oriented techniques and make them succeed personally and professionally.

### ABOUT THE DEPARTMENT

The Department of Engineering Mathematics is one of the pioneer departments of the institution. The department serves the institution and the community by providing mathematics education to Engineering Mathematics, as well as MCA & M.Tech. courses. The department strives to provide quality education to a diverse student community, with a total of over 3000 students. Engineering courses focus on the principles, methods and applications, and provide the mathematical foundations for all branches of engineering. The department includes 12 faculties and three Ph.D. holders who are having outstanding knowledge in many fields of mathematics in addition to their commitment to excellence in teaching.

In addition to teaching, mathematics faculties are actively engaged in research in the domains of Graph Theory, Fourier Series and Wavelet Transforms, Finite Element Methods, Topology, Numerical Analysis and Operations Research. Faculty members have participated regularly in many refresher courses, international and national conferences, seminars, workshops and symposia conducted by various universities and research institutions. The department has put forward certain objectives with a mission and vision for the future, where students can grow exponentially responsive to society as a whole. Thus, today's engineering students need to be rooted primarily in principles, not techniques.

### HOD'S PROFILE

Since 2007, he is working as a Professor and Head of the Department of Engineering Mathematics, as well as Dean Examination, B.E. First Year Chief coordinator in TOCE. He is having 32 years of teaching experience and worked as a Professor and Head in the Department of Mathematics, Eritrea Institute of Technology, Asmara, N.E. AFRICA. He is having excellent teaching skills and taught many subjects of Mathematics in B.Sc. Computer Science, BCA, PGDCA, MBA, MCA and Engineering. He worked as a Chief Superintendent and DCS of VTU examinations in TOCE, to conduct

VTU (UG & PG) theory and practical examinations for about 5000 students, also he worked as BOE and BOS chairman and member in VTU and GUG. His research specialization is Applied Graph Theory. One research scholar was awarded the degree of Ph.D. (VTU) in the year 2020, and presently

five research scholars are working under his guidance. He published 28 research papers in reputed National and International Journals. His contributions to the field of Graph theory are Anti-domination Number of a Graph, The Edge Degree of a Graph and Isotopic and Genetic Graphs.

## DEPARTMENT OF CHEMISTRY

### VISION:

Our vision is to give our students an in-depth exposure to the latest developments in Chemistry made by reputed scientists and experts in this field. To equip individuals capable of earning in the new millennium.

### MISSION:

Our mission is to provide a contemporary foundation for addressing problems in Chemistry. Also, to develop competent engineers with good values and to equip them to face the challenges of the continuously changing world.

### ABOUT THE DEPARTMENT

The department of Chemistry was established in the year 2000. The motto of the department is to provide quality education. The subject chemistry is the basic knowledge upon which all other natural sciences and engineering are built up. The department is eternally engaged in the academic enrichment of students as well as their overall progress by exposing them to the real challenges in the world through participation in various competitions. The department is engaged in various research activities for PhD program affiliated to VTU, Belagavi.

### HOD'S PROFILE

She is working in the Department of Chemistry as Prof. & HOD, since 2007 and has 23 years of teaching experience. Her research domain is Kinetics & Mechanisms of redox reactions, Nanotechnology, Conducting Polymers and Green Chemistry. Under her guidance five research scholars have registered for the PhD program affiliated to VTU, Belagavi. Three research scholars were awarded PhD Degree and two research scholars are pursuing the PhD Degree. She had published more than 35 research papers in national and international journals and also presented more than 20 papers in the national & international conferences. Fund received from KSCST for guiding the BE-Automobile Final Year students. She is a member of doctoral committee of various colleges, affiliated to VTU, Belagavi and Presidency University, Bengaluru. She is also a member of Electrochemical Society of India, under IISc, Bengaluru.

## RESEARCH & DEVELOPMENT

The department has a research centre approved by the VTU. The centre is equipped with a laboratory having facilities to grow and analyze catalysts and kinetics studies. Research scholars are publishing their work in the reputed journals.

Thrust Areas: Kinetic and Mechanisms of few Redox Reactions, Conducting Polymers, Nano Technology, Organic Synthesis, Electroplating, and Material Science.

## Patent

Dr. H. N. Gayathri was granted a patent entitled “A System for Developing an Activated Carbon for Biosorption of Cadmium Ions from Aqueous Solution” on 12th Jan 2022. Patent Application no: 202021106578 Date of Filing Patent: 2nd Dec. 2021, IP registration: CO1B32/312, Germany.

## DEPARTMENT OF PHYSICS

### VISION

To inculcate interest in Physics and promote the understanding of it and also to develop observational and computational skills, which will take the development in technology to new heights.

### MISSION

The department has been working towards fulfilling its vision through a synergic combination of teaching and research. The department also strives to promote excellence in technical education and scientific research, through the effective use of Physics in real-time engineering problems.

### ABOUT THE DEPARTMENT

The Department of Physics is one of the most important departments of the institution. The motto of the department is to provide quality education. The department has two well-equipped laboratories for undergraduate Engineering courses. Physics is the foundation of science upon which all other natural sciences and engineering are built.

### HOD'S PROFILE

Prof. Abdul Kadar C.H. has been working in the Department of Physics as an Assistant Professor since 2011, has 13 years of teaching experience, and has been HOD in charge since 2018. His research domain is nanotechnology and conducting polymer nanocomposites. He registered for a Ph.D. at the PES Institute of Technology,

South Campus, Bangalore, affiliated with VTU Belagavi. He did his M.Sc. and M. Phil. at Madras Christian College, Madras University, Tambaram, Chennai. He published two research papers in international journals and presented seven papers at national and international conferences.

### ACADEMIC ACHIEVEMENTS Result analysis, I SEM:

The pass percentage in VTU Exams 2022 for Engineering Physics is 84% and the pass percentage for Engineering Physics Lab is 97%.

## STUDENT ACHIEVEMENTS

Smart India Hackathon 2022

The first-year participants in the Smart India Hackathon (Internal) 2022 on March 23rd, 2022, TOCE under the theme of “Water Sanitation and Automated Technology,” Mr. Ummed Ram. D, Mr. Deepak Reddy, and Abhishek Das from ECE, as well as Nagaraj. C, Kiran Kumar. K from ME, Raja Kumar Singh, Nikil. T.P, Chethana P.B, from EEE, and Namratha C Prabhu from CV under the theme of “remote controlled automatic drip folding machine”.

Science exhibition

The Science Exhibition was conducted on February 28th, 2022. It was a great event where many participants came up with many new ideas. This year's theme was “Integrated Science and Technology Approach for a Sustainable Future.” There were around 25 groups that participated, where first-year students also actively participated.

## Winners List

2	Ummed Ram D Abhishek Das	ECE	Ideal City	Second
3	Sumha Kulsum Suvecha Mandal	BT	Wi-Fi oximeter	Third

## FACULTY ACHIEVEMENTS

- P. Soundhirarajan presented a paper on “Effect of Mn concentration on Structural, thermal, and optical properties in BaSO<sub>4</sub> Nanoparticles” which was awarded the best paper among Basic Sciences in NCSEM-2K22 on July 1st, 2022, at the Oxford College of Engineering, Bangalore.
- Abdul Kadar C.H. presented a paper on “Synthesis and Enhancing of a New Type of Anti-Corrosive Polypyrrole/Zinc Tungstate Composites” on July 1st, 2022, at the Oxford College of Engineering, Bangalore.
- Abdul Kadar C.H presented a paper on “Comparative Study of Polyaniline/ZnWO<sub>4</sub> and polypyrrole/ZnWO<sub>4</sub> composites as anticorrosive applications” on June 1st, 2022, at Jain Deemed to be University, Bangalore.
- Shanthala V.S gave a talk on “Recent Trends in Nanotechnology” at Government First Grade College, HSR Layout, Bangalore on February 28, 2022.
- Shanthala V.S. chaired a session for oral presentation in the students’ symposium held at the Indian Academy of Degree College, Bangalore on November 14th, 2021.
- Shanthala V.S. presented a paper on “Impact of nanotechnology on Material Science” at the IAPT National Convention held at Shri Vaishnav Vidyalaya Vishwa Vidyalaya, Indore, Madhya Pradesh, from October 28th to October 30th, 2021.

## DEPARTMENT OF PHYSICAL EDUCATION & SPORTS

### VISION

Physical Education and Sports Department will broaden, enhance and develop its teaching, education, enhancing health and well-being, fostering self-esteem and empowerment, facilitating social inclusion and integration.

### MISSION

Department of Physical Education aims at total education through the physical, intellectual, emotional, and in order to bring up healthier, happier and experiences that lead to the achievement of total wellness and result in a longer and healthier life.

### ABOUT THE DEPARTMENT

Our college is encouraging the students in sports as well as academics. Every year we select the students from different branches to train them to compete in various sports meet. Some of the students have been selected to participate in VTU sports also. Intra-faculty and inter-faculty games, and sports competitions are organized by the department regularly every year for faculties and students. Students are specially trained for participation in Zonal and Inter-Zonal National competitions organized by various colleges and universities. TOCE has excelled in these events by winning prizes and awards in individual and group events.

### HOD's PROFILE

Mr. Mahesh G, M. Ped, Director of Physical Education, has 10 years of teaching, experience in the field of physical education, he participated in 30th junior National Kabaddi Championship 2003, Senior National Kabaddi Championship in Hyderabad, 2005, Represented Bangalore university in south zone held at Karnataka University, Dharwad in (2006-07) and secured 4th place, Represented Bangalore university in All India university competition held at Kalyani University, Kolkata in (2006-07) Secured 3rd place, Represented Bangalore university in south zone held at Periyar University, Salem in (2007-08), Represented Bangalore university in south zone held at Acharyanagarjuna University, Guntur in (2008-09) and 26th Kabaddi Federation Championship held at Bangalore. ## LIBRARY & INFORMATION CENTRE

### VISION

To build the library as a centre for excellence in accessing the right information at a right time to the right user.

### MISSION

To embrace the principle of excellence in advancing the teaching, learning, research, and service mission of the Institute through the acquisition, organization and management of collections for access and use, through the provision of reference and instructional services, and through a variety of collaborative and reciprocal.

### ABOUT THE DEPARTMENT

The Oxford College of Engineering library was established in the year 2000. The Central Library is housed in a main building and seating capacity is 300. It is a main resource of knowledge, which is an integral and important part of our institute of higher learning. The library aims to stock all the books and periodicals that the students and faculties are Science, Management, Science & Technology and Humanities. Addition to this, MBA, MCA library and eleven more Departmental libraries are also functioning under this Library & Information Centre. The library remains open from 9.00am to 8.00pm.

TOCE Central library catalogue database has more than 56356 Books, 3085 CD's, 1350 Bound Volumes and 18 News Papers. Using LIBSOFT Library Software Administrator Can Search the Dept. Library Catalogue by Author, Title, Subject, and Keywords. Also, the administrator can know the latest additions of books issue, return, renewal and OPAC search and other library activities are computerized by using LIBSOFT Library

Software. Students and faculties can utilize the library regularly in an effective manner.

**Suprabha. S.**, Chief Librarian, is expertised in managing and maintaining library resources and providing best services and good library facilities for students and staff.

### LIBRARY SOURCES

1. 56356 volumes of text books and reference books with different titles
2. Bound Volumes of Printed Journals 1350.
3. Books oriented CD's 3085
4. VTU Consortium E – Resources & E-Journals.
5. IP based VTU Consortium Online Databases Access
6. Book Bank Facility for SC/ST Students
7. Earlier Exam question papers collection
8. Newspapers & General Magazines
9. Internet access facility
10. Reprography/Document Scanning

### JOURNALS

The Oxford College of Engineering library has 21 print journals and TOCE has become the member to VTU E – resources Consortium, Belagavi, Karnataka. Through the Consortium college library can access more than 6593 e-journals & 3469 e-books through URL link and MAPMyAccess from different publishers such as IEEE, Elsevier, Taylor & Francis, Springer Nature, Emerald, Proquest, MintBooks (Remote Access + Discovery), Net Analytics/Sentientia and Turnitin (Virtual Library).

## LIBRARY SERVICES

1. Open Access System
2. Circulation Facility
3. Book Bank Facility: Books will be issued to SC/ST Students for 30 days.
4. Reference Services
5. OPAC Search Services
6. Internet Browsing Services
7. Display New Arrivals
8. Departmental Libraries for Faculty
9. News Paper Clipping Services
10. Selective Dissemination of Information Service
11. Current Awareness Service (CAS)
12. Inter Library Access Service
13. E-Journals & E – Resources Access
14. Reprography services
15. Question Bank Services

## LIBRARY USAGE

Adopted Open access system & users can select the required book very easily by themselves. OPAC Search: by this user can search the book details like author, title publisher and availability of books in the library by themselves. Every year TOCE Library is giving best user award to students to encourage for their academic studies.

## FROM IEEE BRANCH COUNSELLOR DESK

**Dr. Preeta Sharan, Professor, Electronics & Communication Engineering**

IEEE Student branch started in 2011 in TOCE. Under TOCE IEEE student branch, various activities have been done for the benefits of the student community which will be helpful in their growth and shape their career. Dr.

Preeta Sharan is the IEEE Student Branch Counsellor. We are associated with IEEE Photonic Society Bangalore section and offering the internship to student members in the last 5 years.

## WEBINARS ORGANISED

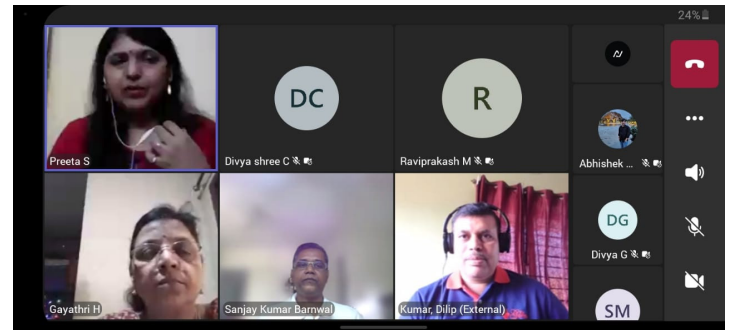

Webinar was held on JUNE 8th 2022 at 12:00 P. M. The resource person was Dr Vaishali Dhare who is working as assistant professor in Electronics and Communication Engineering. The program was held virtually and it was seen huge participation from academic institutions.

Strategic Consultation with Oxford Group of Educational Institutions in Bengaluru for Global Outreach Mr. Onkareshwar Pandey, Founder of Commonwealth Thought Leaders Forum and Chairman, Observer Global Media Group met with Sri SNVL Narasimha Raju, Chairman of The Oxford Educational Institutions in Bengaluru for Strategic discussions. On 13th April 2022 at 9.0 am.

A paper presentation competition was organized under the banner of IIC, Dept of ECE on 9th May 22 at 10.30 am.

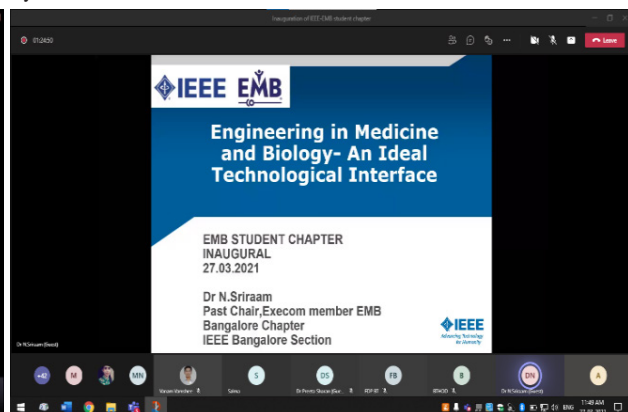

The Oxford College of Engineering, Bengaluru-IEEE SB TOCE in association with IIC, ITE and IETE organized a Webinar on "Familiarization of sap for entrepreneurship as a career opportunity" by Mr. Sanjay Barnwal IT-Manager-APAC & MEA, on 5th Feb 2022.

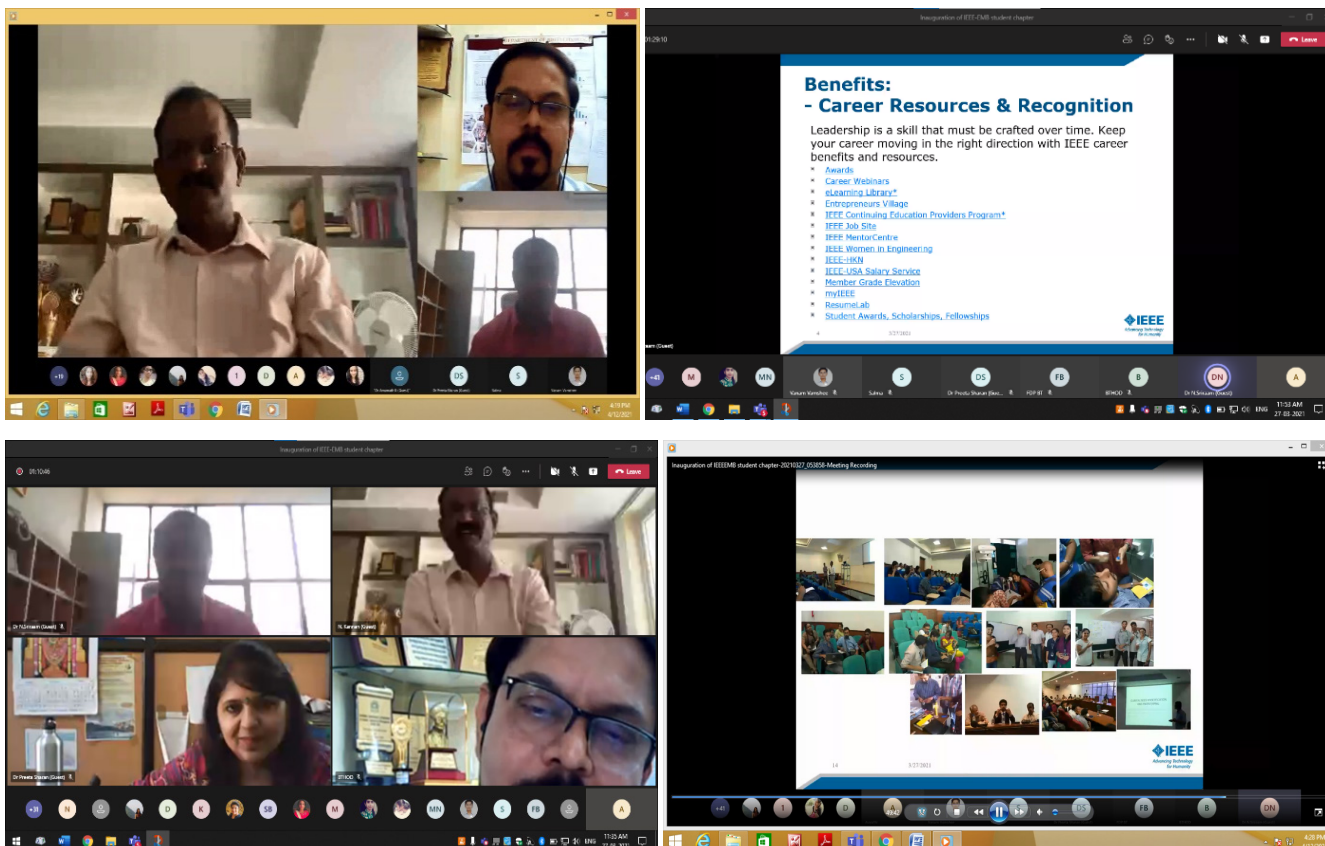

## IEEE-EMB SOCIETY STUDENT CHAPTER

Dr. B.K. Manjunatha, Professor & Head, Biotechnology

IEEE-EMB society student chapter inauguration organized by the Department of Biotechnology, The Oxford College of Engineering, Bangalore was held on the 27th of March, 2021 at 11 AM. The inaugural ceremony was presided by Dr. Sriram, Professor and Head of R&D, Ramaiah Institute of Technology, Bangalore. Under the guidance of Dr. Preeta Sharan IEEE branch counselor, Bangalore section, and with the able leadership of Dr. B.K. Manjunath, Professor & Head of the Department of Biotechnology and IEEE-EMB society Advisor.

## COMPUTER SOCIETY OF INDIA STUDENTS CHAPTER

### Dr. Vanajaroselin E. Chirchi, Professor, Information Science & Engineering

The Oxford College of Engineering inaugurated CSI Student Chapter on 29th November 2021. CSI Student chapter gives opportunities for students to interact with industry professionals and get technology updates through conferences, seminars, tutorials, events and workshops. The CSI Students Chapter inaugurated by the honourable chief guest Dr. Sundaresh Rao B.S., a member of managing committee CSI Bangalore Chapter and the president of the function, Dr. N. Kannan, Principal of The Oxford College of Engineering.

The Poster Presentation was organized on 29th Nov and the topic was "Usage of AI in different engineering branches".

On 30th November a coding competition was organized with 30 participants using codechef and slidedo application software, it helped the students to analyzed themselves and enhance their technical abilities.

On 3rd Day, 1st December 2021 a workshop on Python was organized by the Final year students of ISE and CSE department. It was a very informative and interactive with hands-on session.

On 2nd December 2021 using Photoshop editor software. It was an event to enrich the creative thinking of the participants and to support the artist within the students.

## PATENT CELL

**Dr. B.K. Manjunatha, Professor & Head, Biotechnology**

The Oxford College of Engineering, in association with Visvesvaraya Trade Promotion Centre (VTPC), Department of Industries and Commerce, Government of Karnataka and Karnataka State Council for Science and Technology (KSCST), has organized the inaugural ceremony of "THE OXFORD-KSCST-VTPC CENTRE FOR PATENT AND TECHNOLOGY TRANSFER" on 18.01.2021 at the Oxford Group of Institutions. Various guest lectures were organized related to IPR. "Know Your Intellectual Property Rights" and "Career Prospectus in the context of Covid-19 outbreak" are the two important events conducted in 2021-2022. During the tenure 19 patents were filed and 6 products were developed.

## INSTITUTION'S INNOVATION COUNCIL

**Dr. Bindhu Madhavi, Prof & Head, Artificial Intelligence & Machine Learning**

The Oxford College of Engineering, Bengaluru established Institution's Innovation Council in the Month of October 2021. Ministry of Human Resource Development (MHRD), Govt. of India has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs).

IIC is mainly Established:

1. To create a vibrant local innovation ecosystem.
2. Start-up supporting Mechanism in HEIs.
3. Prepare institute for Atal Ranking of Institutions on Innovation Achievements Framework.
4. Establish Function Ecosystem for Scouting Ideas and Pre-incubation of Ideas.
5. Develop better Cognitive Ability amongst Technology Students.

IIC in collaboration with the departments conducted 90 Events including IIC calendar, MIC activities, celebration activities and self-driven activities under the themes of Innovation, Start-up, R & D, IPR awareness, leadership talk, field visits, design thinking for the benefits of students and faculty. This legacy will be continued further to promote innovation culture in the campus.

Also, we have registered for mentor mentee scheme, ATAL school linkage, impact lecture series and nominated student teams for idea submission

under IIC Portal. 9 staff members received innovation ambassador training certificates. Institutions Innovation Council received 2 Star Rating for the Quarters 1 & 2 of 2020-21.

15 student teams were nominated under different themes for Smart India Hackathon to exhibit innovative ideas converting them to useful prototypes for the social needs. Two student teams were selected for further rounds.

## FROM THE DESK OF DEAN RESEARCH AND DEVELOPMENT

**Dr. B.K. Manjunatha, Professor & Head, Biotechnology**

The Research Committee's primary objective is to establish platform for the faculties to work with researchers, research clusters and developing external relationships with funding agencies, Nationally and Internationally and with other Universities and Research Institutions. The role of the College Research Committee is to provide a platform for the faculty and students about the present trends in research and development in their concerned subjects and interdisciplinary.

The research-based learning is destined to learn more and better than regular academics and encourages faculty and students for active research. Faculty contribute significantly to the scientific community by publishing their research in journal of high repute, during this period 96

journal articles were published. The Innovative concepts and products were encouraged to file patent, around 19 patents have been filed during the tenure of this newsletter. Faculty of the Institute gets financial assistance from major organizations viz NRB, DRDO, BIRAC, BRNS, AICTE, VTU, KSCST, VGST, NIF, etc.

The Institute also aims at nurturing sustainable technology development for societal benefit, we are proud to state that, the department of Biotechnology, Department of ECE and others engaged in product development to name a few, Bioremediation kit PETROZAP (Patented) for Hydrocarbon degradation; Ayur Aqua (Patented) a herbal water; a Integrated Bioreactor for efficient effluent treatment plant (Patented)

from Biotechnology department. In ECE department, a dental model was developed for the analysis of Bite force measurement after surgery (Patented); “Health monitoring system of Rail Wheel model using optical sensors” (patented), “Design and Development of Fiber-bragg Grating sensing system for monitoring hand grip muscle fatigue (Patented), etc., In this way our research is interwoven with core academic themes, science, technology and applied skills in society.

The research coordinator under the able guidance of our Principal, Dr. N. Kannan, conducted research counselling to all faculty of all the engineering domains to promote, motivate and assist in writing the research proposal,

the counselling was successful in motivating staff members to submit their research proposals to various funding agency, it is worth to mention that, Karnataka State Council for Science and Technology has sanctioned 13 projects in 44 SPP series and 14 projects in 45th SPP series to the students.

In order to serve in meaningful ways, our research as reported across the department here reflects a range of theoretical and methodological orientations and often incorporates interdisciplinary approaches to develop technology-based solutions to the real-time problems.
