## Collaborative Research and Academic Programme

This memorandum of understanding (MOU) sets down the mutually agreed broad framework for joint research and academic activities in various fields of interest between the Oxford College of Engineering, Department of Biotechnology, Bangalore and Skanda Life Sciences Private Limited Bangalore, India

It also incorporates the modalities of collaboration.

### 1. Preamble:

1.1 The Department of Biotechnology in The Oxford College of Engineering, was established in 2003. Excellent infrastructure of the Department and faculty driven entity involving multidisciplinary expertise has created an amicable ambience to provide quality education to the aspiring Biotech Engineers. We are very proud to mention that the department has risen to obtain recognition by VTU for Research and Development Centre and accredited by National Board of Accreditation. The Department attracts students from all over the country and abroad. The Department faculty has also been contributing to high quality research in the front line areas of Biotechnology. Faculty members also collaborate with scientists from National institutes in India and abroad. The research component further strengthens the teaching programme. Due to this excellent quality teaching program, this Department has been able to generate excellent human resources in Biotechnology.

Department is conducting courses at UG & PG levels including Ph. D Program The Department of Biotechnology has well developed facility for, Microbiology Biochemistry, Molecular Biology Plant and animal Tissue culture and Bioinformatics. The thrust area of research includes Phytochemistry of Medicinal plant, Computational Biology, Plant tissue culture, Bioremediation of hydrocarbon and petroleum contaminated soil, fungal biodiversity studies for bioactive compounds, Biorefinery and bioprocess based on agro and forest wastes, microbial and plant enzymes and secondary metabolites.

The Department of Biotechnology in The Oxford College of Engineering, has well-established R&D Centre recognized by Visvesvaraya Technological University, Belgaum offering PhD., and M.Sc Engineering By research Program the Department has many externally funded Research projects from various Government and Non Government organizations to name a few, the Department has funded project from VTU, Belgaum, Department of Atomic Energy, BRNS, Defiance Research and Development organization (DRDO) Naval Research Board, Karnataka State Council for Science and Technology (KSCST) and National Innovation Foundation, Ahmedabad. Apart from fundamental research, Department has started Centre for Computational Medicinal Chemistry in Drug Discovery funded by VGST, Government of Karnataka.

The faculty members are actively engaged in research and publishing their research findings in reputed National and International Journals.

Skanda Life Sciences Pvt Ltd is carrying out Research and Development in the areas of Biotechnology, Drug Discovery, Natural Products, and Chemistry Custom Synthesis. The organization aims to facilitate, encourage, aid, promote, and engage in innovative scientific research in Life sciences and related fields. Dr. Yogisha founder of Skanda Life Sciences Pvt Ltd in Bangalore, India, has been involved in R&D and market innovations as well as strategic partnerships & had an experience of 16 years in Pharma industry, Biotech, Food & Healthcare research centers.

Skanda Life Sciences Pvt Ltd is a science and technology based integrated biotechnology R&D services in (i) Natural products including isolation, purification, characterization of phyto-compounds and standardization of the extracts in small and large scale (ii) Drug discovery development of hit to lead molecules (NCE & Plant based molecules) for various therapeutic areas like, Diabetes, Oncology, AD, Inflammation, etc (iii) Organic Synthesis including Synthesis, Purification, Characterization, Quality Control, Analytical Validation and Pharmaceutical Reference Standards provider (iv) Distribution of chemicals, reagents, standards, plant molecules and trouble shooting and scientific assistance in method of analysis development and protocols (v) Technical support and assistance in Bio-technology relating to cell biology and cell culture application

Thus, the activities of The Biotechnology Department of the Oxford College of Engineering and Skanda Life Sciences Private Limited are complementary in several ways and it is felt that initiating collaborative research and academic programs would be of considerable mutual benefit.

The samples provided by the Oxford College of Engineering, department of Biotechnology for collaborative research studies will strictly be handled by Skanda Life Sciences Private Limited and will not be allowed to leave India under any circumstances. The collaboration will be only for research purposes and will be shared between Skanda Life Sciences Private Limited and the Oxford College of Engineering and joint manuscripts will be written up for submission to national and international journals. It is also expected that those collaboration will result in transfer of technologies used in this project to the Oxford College of Engineering.

## 2. Purpose

The Oxford College of Engineering and Skanda Life Sciences Private Limited would like to initiate cooperative and collaborative activities, which would address scientific, technological and educational problems of relevance to the country. The instrument of this MOU, elements of which, facilitates this as follows:

### *Article-1*

Consistent with the goals and purpose of the collaboration, The Oxford College of Engineering, Department of Biotechnology and Skanda Life Sciences Private Limited have proposed the following areas of joint research and academic activities:

Drug Discovery program through in-vivo/in-vitro/in-silico approach

Research on Natural products

Development and standardization of Herbal of formulations

Fermentation technology

Applications of bioinformatics in data analysis and database management will be another preferred subject for collaboration.

Collaborative workshops/Symposium/Seminars/Conferences

Additional areas to be identified from time to time in future.

### *Article-2*

The faculty of The Department of Biotechnology of The Oxford College of Engineering, and researchers at Skanda Life Sciences Private Limited will hold regular scientific meetings on problems of mutual interest. The faculty and research scholars of the Oxford College of Engineering and Skanda Life Sciences Private Limited will have access to the appropriate facilities of both the institutes, subject to their respective rules and regulations.

### *Article-3*

Provision is hereby made for the:

1. Exchange of faculty, research scholars and students between the Oxford College of Engineering and Skanda Life Sciences Private Limited.
2. Joint organization of symposia, seminars and workshops and lectures.
3. Mutual sharing of research material, funding, data and scientific knowledge on collaborative projects, ensuring the material is not transported outside India.

### *Article-4*

Intellectual property:

1. Important research findings arising out of the activities covered under this MOU may be published in national and international journals, and presented at national and international scientific meetings reflecting collaboration.
2. Knowledge developed, which can result in commercial exploitation, shall be covered by patents filed jointly by the Oxford College of Engineering and Skanda Life Sciences Private Limited involved in the collaborative research work.
3. The Oxford College of Engineering, department of Biotechnology and Skanda Life Sciences Private Limited can make use of, for their internal purposes, all the information and data generated during collaborative research programs. However, neither of them shall reveal intellectual property belonging to the other institute, to any third party without the prior written concurrence of the scientists involved from the other institute.
4. If any IPR developed from the collaborative projects between the Oxford College of Engineering and Skanda Life Sciences Private Limited, the benefits of that will be shared equally between these two institutes.

### *Article-5*

Non-exclusivity of the MOU:

Notwithstanding anything contained in the provisions, excepting Article of the MOU, both institutes have the unrestricted right to seek additional funding for and to co-operate with any agency or institute, ensuring that it is outside the purview of the collaboration agreed upon.

## PREAMBLE

The Oxford College of Engineering, under Children's Education Society was established in 2001. The Oxford College of Engineering (TOCE) was founded by Honorable Chairman Sri. Narasaraju who is founder of Children's Education Society, to produce high quality engineers for the country. The college has, indeed, fulfilled this objective in an able manner during the past 15 years

The Department of Electrical & Electronics Engineering was started in the year 2001-02 and presently NBA accredited and permanently affiliated to VTU. The Department has a team of well qualified, experienced and dedicated faculty with 4 Ph.D holders. The Department is headed by Dr. H. B. Phani Raju as Professor and HOD. The Department has more than 26 faculty members and many of the faculty members are pursuing Ph.D. Department is also aided by eminent visiting professors, who are expertise in the electrical field to impart quality education to our students.

The Department has well equipped Laboratories to the high standard and as per the requirement of VTU/AICTE/NBA and The department has 2 PG course and Ph.D Research Centre. The students are encouraged to work on both in-house projects and also with leading industries and Research Organizations in Electrical Sciences. The Department, its faculty and students have been utilizing all the central facilities like Seminar Hall, Central Library, On-line access of Journals, Internet services, Printing & Xerox services etc. very effectively to create a good teaching/learning environment.

Course includes study in the areas of Power System Analysis, Artificial Intelligence Application, Power Electronics, CAID, Control Systems, Computer simulation and modeling techniques in modern power systems, Machine Design concepts etc.

On successful completion of the course the student will get opportunities to join various Electrical Industries like ABB, Areva, Siemens, Alstom, BHEL, PGCIL, NHPC, KPTCL etc.

The Electrical and Electronics Engineering Department of The Oxford College of Engineering has taken responsibility of getting training in Technical, Scientific, Research and Industrial applications.

**Venjay Automation** is situated in #124, 11th 'A' Cross Balaji Nagar, Thigarapalya Main Road, Peenya 2<sup>nd</sup> Stage, Bangalore-560058.

Venjay Automation has actively involved with customers in developing new concepts and projects. Some of them are listed below.

- Energy Saving system

This product was developed along with our customer and works on the principle of managing many sources to make each energy source efficient.

- Hybrid generator

This product was developed along with our customer and uses logical design for combining different sources of power generation, viz., Solar, wind and diesel engine.

- ANDON display boards

This product is a cost effective 200 mm height display, which uses PLC discrete I/O's to display a single variable, used mainly in automotive industry. This product uses state of the art (micro controller) and display LEDs.

#### **TOCE & VENJAY AUTOMATION are now**

- Recognizing the Importance of Imparting Training to the Engineering Students.
- Appreciating the need for creation of large reservoir of highly Qualified Man Power.
- Desiring to Club their efforts by pooling their expertise and resources.

Intend to form nucleus for promoting excellent Quality Man Power in the field of Engineering Technology and Science with special emphasis to

- (a) Internship
- (b) Project Work for Students
- (c) Industrial Visits
- (d) Students specific Training
- (e) Faculty Development Programme
- (f) Sponsored research projects.
- (g) Customer oriented product related intensive periodic training programme.
- (h) Expert lectures.
- (i) Exchange of intellectual knowledge with professors

#### **ARTICLE-I: SCOPE OF THE MOU**

This MOU details on the modalities and general Conditions regarding Collaboration between TOCE and VENJAY AUTOMATION for enhancing the availability of lightly qualified man power in the areas of Student Internship, Students Training, Project Internship, Workshop for Students, Guest Lecture, Sponsorship for Symposiums and Technical Workshops, conduction of Customer oriented product related intensive periodic training programme, sponsored research projects etc.

#### **ARTICLE-II: SCOPE AND TERMS OF INTERACTION**

Both TOCE and VENJAY AUTOMATION shall agree for encouraging interactions between the Engineers, Scientists, Research fellows, Faculty Members and Students through the following arrangements:

- (a) Organization of Conferences and Seminars.
- (b) Practical Training of selected ACSCE Students at **VENJAY AUTOMATION**
- (c) The Industry will accommodate the Students of ACSCE for the purpose of imparting training.
- (d) Venjay Automation would allow the Industrial Visits to Students to provide exposure to various equipments and instruments once in a year.

### ARTICLE-III: EFFECTIVE DATE & DURATION OF MOU

- (a) This MOU shall be effective from the date of its approval by competent authorities at both the ends.
- (b) Duration of this MOU shall be for a period of one Year from the effective date and subjected to renewal.
- (c) Any clause or article of the MOU may be modified or amended by mutual agreement of **VENJAY AUTOMATION** and **TOCE**

### ARTICLE-IV: CONFIDENTIALITY

During the Tenure of the MOU both **TOCE** and **VENJAY AUTOMATION** will maintain Strict Confidentiality and Prevent disclosure of all the information and data exchanged under the scope of this MOU for any purpose other than in accordance with the MOU in witness where both the parties here to have entered into this Agreement with effect from the date mentioned above.

## The Center for Project Development at MCATOCE

### MEMORANDUM OF UNDERSTANDING (MOU)

Between

**Department of Computer Applications (MCA),**

**The Oxford College of Engineering**

and

***MadMec***

This is an agreement between Department of Computer Applications (MCA), The Oxford College of Engineering, hereinafter called "MCATOCE" and MadMec hereinafter called "MM".

#### I. PURPOSE and SCOPE

The purpose of this MOU is to clearly identify the roles and responsibilities of each party as they relate to the implementation of the Center for Project Development at MCATOCE. The Center for Project Development at MCATOCE is intended to help provide service-learning and volunteer opportunities to MCATOCE students through partnerships with MM. To support this goal, MCATOCE and MM will work together to conduct service that meets legitimate needs of our communities.

Both MCATOCE and MM should ensure that program activities are conducted in compliance with all applicable rules, and regulations.

In particular, this MOU is intended to establish clear guidelines regarding the service work that will be conducted at the site of the MM.

#### II. BACKGROUND

This *Project Development* will be the *first* service-learning and volunteer opportunity coordinated between Department of Computer Applications (MCA), The Oxford College of Engineering and MadMec.

### III. DEPARTMENT OF COMPUTER APPLICATIONS (MCA), THE OXFORD COLLEGE OF ENGINEERING UNDER THIS MOU

MCATOCE students shall undertake the following activities:

- *Participate in Entrance Test*
- Go through The Training provided by MadMec
- Develop the assigned project work at MCATOCE Campus

### IV. MadMec RESPONSIBILITIES UNDER THIS MOU

MM shall undertake the following activities:

- Provide any necessary training required.
- Provide all necessary Software/Hardware required completing each project.
- Be in attendance for any events coordinated through this partnership.
- Provide guidance and supervision to participants.
- Verify hours completed by each MCATOCE participant.
- Complete an evaluation of each MCATOCE participant and return to the Center for Project Development at MCATOCE no later than May 30, 2015.

### V. IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

**RELEASE AND Hiring of Developers:** Having the authority to do so, I, on behalf of the MM, our representatives, heirs, Developers for participation in the MM, the participants should complete the assigned project work within the stipulated time given by the MM. If any of the Participants fail to follow the rules, guideline provided by MM is subjects to termination of participants.

**CERTIFICATE OF APPRICIATION:** I agree to provide Department of Computer Applications (MCA), The Oxford College of Engineering a certificate of appreciation after the students successfully completed their assigned project work.

*Power Within*

## MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (hereinafter referred to as the MoU) made and entered into on the 19th day of September two thousand and sixteen

### BY and BETWEEN

The **Oxford College of Engineering**, an institute for imparting engineering education located at Hosur Road, Bangalore, hereinafter referred to as the **College** (which term wherever the context requires shall mean and include the legal representatives, administrators, assigns etc), of the first part

### AND

**School of Construction Management Excellence (S-CME)** which is an operating brand of Aadhya Didactics Pvt. Ltd. [ADPL]. ADPL being a company incorporated under the Indian Companies Act, 1956 having its registered office at 491, 'VISHWAKARMA', East End Main Road, Jayanagar 9<sup>th</sup> Block, Bangalore-560 069, hereinafter referred to as **S-CME** (which term wherever the context requires shall mean and include the legal representatives, administrators and assigns), of the second part.

The College is running an engineering institution in the name and style of The Oxford College of Engineering for imparting education in various branches of engineering including Civil Engineering and is recognized by the Vishweshwaraiah Technological University in Karnataka State.

S-CME is an initiative of A.N. Prakash Construction Project Management Consultants Pvt. Ltd., set up to impart training and education in Construction Project management and allied fields.

The College has recognized the potential of S-CME and has agreed to obtain the services from S-CME to achieve the objective of providing all the necessary training to its Students / Faculty so as to bridge the gap between the Academia and Industry requirement.

Both the parties have had discussions on these matters and have agreed to the following terms and conditions under this memorandum of understanding.

1. **Obligations of the parties:** It is agreed by the parties that the obligations and responsibilities of each party shall be as defined herein below.
  - I. **Responsibilities and Obligations of the College:**
    - a. Permit the trainers, instructors, guests and visiting lecturers authorized by S-CME to enter the College premises for conducting such training.
    - b. Provide space for conducting the training in the College premises.
    - c. Provide audio visual aids such as LCD projector, Speaker, Microphone etc., and other teaching aids for conducting the training.
    - d. Provide adequate computer terminals and software particularly for the Micro Soft Project course.
    - e. Provide assistance in selecting the trainees from among students / Faculty and conducting tests for evaluation of the trainees.
    - f. Promote the training programmes on continuous basis using the S-CME promotional literature.
    - g. Ensure that time slots as may be agreed with S-CME will not be changed till the completion of the course scheduled.
    - h. Permit S-CME to bring the required hardware and software for training purposes.
    - i. Distribute the content and other information of the courses only with the consent of S-CME.
    - j. Permit & allow the authorized persons from S-CME to use facilities such as canteens, rest rooms, library in the College premises.
    - k. Ensure proper protection and safety for the staff authorized by S-CME for training or assisting in training.

- l. Maintain confidentiality of this MoU through a non-disclosure clause regarding the financial understandings.
- m. College shall nominate a person as Single Point of contact for all matters relating to Training Programmes.

**II. Responsibilities and obligations of the S-CME**

- a. Be responsible for designing the course content, curriculum & training sessions of each course as per Industry & market requirement.
- b. Be responsible for providing the training by appropriately selecting the most competent and efficient personnel to impart the training.
- c. Conduct tests for trainees for evaluation of the training imparted and obtain feedback from the trainees.
- d. Conduct, at the option of the College, training sessions specially designed and separately conducted for the faculty of the College.
- e. Demonstrate sound ethical and financial practices.
- f. Be responsible for paying adequate remuneration / honorarium to trainers, faculty and guest lecturers.
- g. Protect the property of the College from any damages due to negligent acts of the staff authorized by S-CME.
- h. Monitor the performance of the training sessions, update and upgrade the training curriculum to suit the industry requirements.
- i. Have the right to dismiss any trainee or group of trainees for reasons of apparent indiscipline or non compliance with the standards of decorum.
- j. S-CME including its staffs deployed for training shall adhere to the rules of discipline and decorum as may be prescribed by the College and maintain peace and harmony in the campus.

**2. Courses offered: S-CME will offer the following courses :**

2. Being Employable Advance for 'Final Engineering' Students
3. Practical use of MS Project software for Project Planning
4. Construction Safety
5. Preparation of Bar Bending Schedule in Projects
6. Bill preparation, checking and certification

7. Quantity Surveying, Contracts and Cost Management
8. Customized courses on a subject of requirement by the College

3. **Financial Matters:** The parties have agreed to the following financial understanding:

- a. S-CME will offer the courses at a specially discounted fee. Fees for all courses agreed on and from 1<sup>st</sup> April 2016 will form the base for further escalations @ 10% per year

This fee payable to S-CME shall be either collected from the trainees by the College or paid from the College independently to S-CME before the commencement of each Course.

- b. The S-CME shall be responsible for making payments to its trainers, guest lecturers and any other supporting staff deployed for training.
- c. The Fee of the courses shall increase at the rate of 10% year on year till currency of this MOU.

The provisions of this clause relating to financial matters shall be treated as confidential by both the parties and both the parties hereby agree that this Clause is a non-disclosure Clause and any departure from this would amount to breach of this MoU.

4. **The term of the MoU:** This MoU is effective upon the day and date last signed and executed by the duly authorized representatives of the parties to this MoU and shall be valid in full force and effect for a period of 3 years from the date of execution of the MOU and will be reviewed and extended on mutually acceptable terms at the end of the third year.
5. **Amendments.** Either party may request changes to this MoU. Any changes, modifications, revisions or amendments to this MoU which are mutually agreed upon by and between the parties to this MoU shall be incorporated by written instrument, and effective when executed and signed by both parties to this MoU.
6. **Termination:** This MoU is terminable at the option of either party with a notice of three months provided that such notice of termination shall not be issued at the middle of any training course in progress.

6. **Termination:** This MoU is terminable at the option of either party with a notice of three months provided that such notice of termination shall not be issued at the middle of any training course in progress.

7. The notices under this MoU shall be delivered at the following addresses:

The College aims at carving competent students with extraordinary value systems to face challenges of the continuously changing World. The Department has excellent infrastructure involving well maintained classrooms and highly equipped laboratories which are designed for today's technological challenges.

The Department is doing outstanding research work in VTU approved Research and Development (R&D) Centre. **Biotechnology** Engineering is a multi-disciplinary having applications in multiple fields including Health care, Agriculture, Food Industry and Environmental issues. It has encompassed all the fields of life and technology, and is currently a multi-billion enterprise. This rapidly advancing branch was initiated in our college in the year 2003. Since then, the Department is growing vertically in terms of Academics, Research, Co-Curricular and Extracurricular activities facilitating the all round growth of students. The Department is permanently affiliated to VTU and has been accredited by National Board of Accreditation (2008) & NAAC. The Department has bagged ranks in both UG and PG programs. The biotechnology department of The Oxford College Of Engineering has established unique research facilities, viz., Centre for Natural Product Research (With financial assistance from VTU; AICTE, New Delhi & DAE-BRNS, DRDO, New Delhi); Center for Computational Medicinal Chemistry in Drug Discovery (with financial assistance from Vision Group of Science and Technology, Govt. of Karnataka) and Centre for Bioremediation (With financial assistance from Naval Research Board, DRDO, New Delhi & DBT-BIRAC, New Delhi). In these R&D centers, several funded research projects have already been conducted and continuing. Research grants have been received from various national and state government funding agencies like DBT-BIRAC, DRDO-NRB, DAE-BRNS, AICTE, VGST-KFIST, VTU, KSCST and NIF. These projects are instrumental in strengthen our core research activities which are beneficial to both students and staff. They have also generated sufficient amount of funds to equip our department with necessary instrumentation and other requirements.

Whereas

Stellixir Biotech Pvt. Ltd is a niche preclinical R&D service provider. Vested in the hands of remarkably skilled professionals and top-notch research scientists, Stellixir integrates quality and innovation to provide rapid and reliable solutions in distinct specialties, under the umbrella of in vitro preclinical toxicity studies and stem cell research. Our core capacities include anti-cancer cell-based drug screening, predictive toxicology, biomarker analysis, 3D spheroid culture, and stem cell assay development and screening. With its custom-built, state-of-the-art facilities, including Class 10,000(ISO 7) and Class 100,000(ISO 8) clean room areas, Stellixir places heavy emphasis on adherence to the established regulatory standards,

and henceforth delivering high quality services. By constantly providing consistent, reliable and accelerated solutions, we envision becoming an outstanding service partner to our clients of the pharmas, biotechs and the academics.
