Summary

Student council is composed of President, vice president, secretary and joint secretary. These are selected from the council's student members from each department. The council will be headed by the Principal, advised and monitored by a faculty co-coordinator. In order to work effectively, student council will frame sub committees consisting of at least two members. The council is responsible for conducting regular meetings to obtain the students grievances and to plan for various co-curricular and extracurricular activities in campus which helps in overall development of students.

The student council members perform role as coordinators of various committees viz., Sports, Cultural, Library, Anti ragging, Sexual harassment elimination, Grievances redressal, Hostel redressal, Transport redressal, student's welfare, Alumni, Research, Women Empowerment, Infrastructural maintenance, etc. These committees will ease and help in effective functioning of the student council. Each committee is composed of both male and female student representatives from UG and PG with one faculty coordinator. The members of the council will act as link between students and teachers and management which reduces the gaps between Teaching and Learning process and policy making. Institute respects students' opinion in the process of policy making and they are part of IQAC.
