Way to Learn Innovative Technical skills to crack any Interview

The Oxford College of Engineering, Bangalore-ISE department, in association with Institute Innovation Council and code Tunner's club has organized a seminar on "**Way to Learn Innovative Technical skills to crack any Interview**" by Ms.Farheen Farhath Co-Founder and technical lead , Prinston Smart Engineers on on 31st December 2021 at 11:00AM in 4<sup>th</sup> floor seminar hall, ISE department.

she motivated the students to pursue their passion and ideas and through her life story, guided them through the monumental task of establishing and running successful start-ups and small-scale industries. She gave motivation to be very strong in the basics of the programming language, irrespective of your technical role, Be ready to say NO I don't know. Interviewers are not gauging you with the correct answers that you provided. They are gauging you based on how open you are to learn new areas.

She gave tips to crack interview-

1. Be concise on the answers. Do not add extra word arts to explain the basic answer
2. Do not beat the bush by saying irrelevant answers or asking question that does not make sense. When you do this, any interviewer will immediately put negatives in their score card.
3. Take your time to answer. Many times, our initial response would not be appropriate or may be wrong.

Around 69 students and 14 faculties are participated in the Session.

## [Exposure on Enterptenureship awareness in Software industry by AdJ Infotech](#)

The oxford college of Engineering, Bengaluru- Institution Innovation Council in association with Department of Information Science and Engineering & code Tunner's club organized a Seminar on **“Exposure on Enterptenureship awareness in Software industry”** by Mrs.Anshu Agarwal ,Dispute Expert ,ADJ Infotech, on 29th of December 2021 in ISE seminar hall 4th floor.

During the session expert talk was given regarding the developing it in industry and various opportunities that are present for engineer and also, many tips were given on how to face interview, and develop the skills and aptitude to crack our interviews,

and tips were are given to grab the opportunities by building up our resume and knowledge on booming language in IT industry.

He also said that Software products are critical to commercial, social, governmental, and entertainment activities throughout the world and If software fails, lights go out, motorized transport is impaired, phone and Internet communication doesn't work, financial transactions can be frozen, and manufacturing and business operations are severely affected. He stressed how much important to create a good software.

During the Session resource person shared the information about exposure and field visit for problem identification.

Around 49 students are participated in the Session from Information Science & Engineering Department , Faculty-14 member attended the session.

The Oxford college of Engineering, Bengaluru- with Department of Information Science and Engineering organized a webinar on “**Web Development**” by Ms. Shweta Gayakward , **Senior Developer, Fantasy Technologies, Ashok Chowk,Solapur-413006** from 2:00pm to 3:00 pm through online mode using Cisco Webex.

The speaker explained the following points on **Web Development**:What to put on the web site?

- Who will host it?
- How to make it interactive?
- How to code it?
- How to create search engine friendly web site?
- How to secure the source code frequently?
- Will the web site design display well in different browsers?
- Will the navigation menus be easy to use?
- Will the web site loads quickly?
- How easily will the site pages print?
- How easily will visitors find important details specific to the web site?
- How effectively the style sheets be used on your web sites?

**Report on Expert Lecture on "Career Prospectus in the Context of Covid-19 Outbreak" on 22<sup>nd</sup> May 2021**

The Department of Biotechnology organized an Expert Lecture on “Career Prospectus in the Context of Covid-19 Outbreak” on 22<sup>nd</sup> May 2021, Saturday for final and pre-final year Biotech students. The objective of the guest lecture was to enlighten the students about the Career Prospectus in the Context of Covid-19 Outbreak. The speaker for the session was Dr. Girinath G Pillai, Director, Nyro Research Pvt.Ltd, Cochin. Dr. Girinath G Pillai explained the importance of Bioinformatics and he stated that bioinformatics was one of the major focus areas for every country as the COVID-19 pandemic has developed has been getting to the bottom of what the virus really looks like with a view to finding a way to halt its progress. He explained how decoding the genome of the severe acute respiratory syndrome coronavirus 2 that is responsible for the COVID-19 disease is crucial to being able to develop a vaccine and to better understanding how it works and why it affects human beings as it does. Girinath also discussed about the various studies that are now being undertaken, driven by Bioinformatics. He concluded the session by mentioning that Bioinformatics has a key role to play in enabling researchers to develop visualization platforms that provide an opportunity to students for research and also be crucial for the future as COVID-19 evolves and starts to mutate.

Further the discussion led to an interactive session with Q & A and the students realized the importance of career prospectus of Bioinformatics in the context of Covid-19 outbreak.

**Subject: INTERNSHIP / PROJECT Opportunity for the Academic year 2020-21**

The Department is organizing technical training/ Projects in association with the following companies for the current academic year 2020-21. Interested students are herewith informed to contact the coordinator Ms. Salma Kausar and enroll your name on or before 30/6/2020

List of Companies:

1. Skanda Life sciences Pvt. Ltd.  
Chandana layout, Sunkadakatte, Bengaluru, Karnataka 560091
2. Nyro Research India,  
837/S3, II Floor, 3rd Cross Rd.  
Valamkottil Towers, #6/858-M, Suite #826, II Floor, Judgemukku, Thrikkakara, PO, Kochi, Kerala 682021.
3. Eduvercity Pvt. Ltd.  
#65/7, HSR Layout, Sarjapur Road, 1st Floor, Agara Village,  
Begur Hobli, Near Agara Bus Stop, Kormangala, above Yamaha Showroom,  
Bengaluru, Karnataka 560102.
4. Azyme Bioscience Pvt. Ltd.  
# 1188/20, 3rd Floor, 26th Main Rd, opp. Ragigudda Temple Arch,  
Jayanagara 9th Block,  
Jayanagar,  
Bengaluru, Karnataka 560069
5. Mangala Beverages,  
No 6, 2nd A Main Rd, Nataraja Layout, Wilson Garden Society, JP Nagar 7th Phase, Behind,  
Bengaluru, Karnataka 560078

Dated: 5/08/2021

Flowing are the list of students who have done the Internships and Projects under partnering institution/ industry /research lab as per circular for Internship/Project dated 01/6/2020 for the current academic year 2020-21

S.NO	Title of the linkage	Name of the partnering institution/ industry /research lab with contact details	Duration From	Duration To	Participant Name
1	Student Internship on Anticancer studies	Skanda Life Sciences Pvt. Ltd	1/1/2021	22/1/2021	Anusha .S
2	Student Projects molecular docking and anticancer study of Phenolic compounds extracted from Leucas species	Skanda Life Sciences Pvt. Ltd	1/3/2021	30/5/2021	Maria Tania D Mizba Farkana M Purvika C Vidya Vaishnavi S
3	Biosynthesis of silver nanoparticles	Azyme Bioscience Pvt Ltd	27/10/2020	30/11/20	Akshay V Nair
4	Student Internship on Molecular characterization of multi-drug resistant bacteria using molecular marker(RAPD)	Azyme Bioscience Pvt Ltd	14/10/2020	30/11/2020	Prakash Nath
5	Student internship on Biosynthesis of silver nano particles	Azyme Bioscience Pvt Ltd	27/10/2020	30/11/20	Akshay V Nair Prakash Nath
6	Student Project on Synthesis of selenium nanoparticles from plant source.	Azyme Bioscience Pvt Ltd	1/3/2021	30/5/2021	Nireeksha Huns Sangeetha S
7	Student Internship on Extraction, Analysis and insilico studies on Forskolin	Nyro Research India	1/3/2021	30/5/2021	Atul Anand Gupta, KrishnaDev, M.Purushotham Rao
8	Student Project on Discovery of antimicrobial compounds against <i>Staphylococcus aureus</i> from natural sources and Ointment formulation	Nyro Research India	1/3/2021	30/5/2021	Ardhra Anil Jasmine veronica Azra Taskeen S. Kushmitha Jadhav
9	Student Project on Discovery of phytochemical based lead compound for treatment of B cell related immunological disorder	Nyro Research India	1/3/2021	30/5/2021	Atul Anand Gupta, KrishnaDev, M.Purushotham Rao
10	Student Internship on Instruments and processes involved in pharmaceutical	Mangala Beverages	1/3/2021	30/5/2021	Kunalika, Noor Tubu,

	and beverage industry				Sushma
11	Student Projecton Phase 1, double blind, Placebo controlled dose escalating assessment of potential interactions between intravenous cocaine and RPR 102681	Eduvercity pvt ltd	1/3/2021	30/5/2021	Flavia Catherine V Jesna Daniel Nigi Paul C Preetha R

### Certificate of Internship

This is to certify that Mr. Atul Anand Gupta (Reg. No. 1OX17BT007), BE student of Biotechnology at The Oxford College of Engineering, Bengaluru, India successfully completed 3 months (October 1, 2020 to December 30, 2020) long industry internship at Nyro Research India Private Limited under my supervision. His internship activity includes a) familiarizing to different Bioinformatics methods related approaches, and b) understanding the methods in disease target identification, molecular modelling, molecular dynamics, QSAR, docking, research methodologies, presentation skills and scientific writing.

During the phase of his internship program, he learned and worked on softwares like AutoDock, PaDEL, MODELLER, NAMD and commercial softwares like StarDrop, SeeSAR and FlexX. He had been exposed to different situations to meet deadlines on submissions of weekly and progress reports including bi-weekly technical presentations. During his tenure at Nyro Research India we found him punctual, hardworking and inquisitive.

We wish him every success in his life and career.

Evaluation of the Internship : Satisfactory  
Comments on the student's performance  
noting strengths and weaknesses : Good team player and Hard working

Signature of the Supervisor

## A Report on Remote Monitoring of Rail wheel model for Indian Railway

In this project remote monitoring of Indian railway, rail wheel monitoring has been done remotely so that it can be helpful for the safety of the passenger. In this continuation flat wheel detection can be detected which can avoid the derailment of the train. Additionally it also help for the collision of 2 trains in the same track by remotely monitoring the 2 trains on the same track. With the respect of MOU between the Department of ECE, TOCE, and the Lab to Market Pvt.ltd IISc,Bangalore, a group of final year students are doing internship on “Remote Monitoring of Rail wheel model 20<sup>th</sup> December 2020.Trainer from Lab to Market trained them on the field site at Yellahanka railway station, to monitor the actual train passing on the track and taken the reading of FBG based optical sensor for Rail wheel experiment. In this way they found the graph for good wheel and bad wheel.Which will help Indian railway to replace the bad wheel accurately.so that it can save the passenger life.. For this programme, 6 students participated and still they are continuing the project for further analysis of AXLE counetr for railway.

Final year students visited railway site and took the readings for Rail wheel impact.

Observing load impact on optical sensor.

### Memorandum of Understanding

**EFFECTIVE DATE:** This MOU is executed on 6th Feb 2020

Between

**PARTY 1:** [Primary applicant: Academia's particulars] The Oxford College of Engineering, Bangalore represented by Dr. A. S. Aravind, Principal.

And

**PARTY 2:** [Collaborator: Industry particulars] Lab to Market Innovation Pvt. Ltd, Indian Institute of Science Campus, Bangalore represented by Mr Sreenivasa Rao Ganapa, Ex IRSSE (Indian Railway Services), Founder and MD.

#### **DETAILS OF MOU:**

1. **OBJECTIVE:** To promote Industry-Academia Interaction through Joint R&D on developing safety systems for Railways.

#### 2. **SCOPE OF WORK:**

- To develop the necessary laboratory facility and infrastructure required to carry out the R&D activity.
- To carry out joint research in order to gain deep understanding of the science and technology behind Fibre-Bragg-Grating (FBG) based system.
- To develop FBG based safety systems for railways and other applications.

#### 3. **ROLES & RESPONSIBILITIES:**

- A. Both parties agree to work towards achieving a/m objectives.
- B. Strengthen research at both UG and PG levels.
- C. Meet regularly to review and evaluate the progress and work diligently towards successful completion of the project.
- D. Work out new ideas for future collaborative activities.

4. Terms and Conditions:

- ❖ Lab To Market Innovations P LTD will arrange / provide:
    - Lab facility such as testing FBG, Interrogator ( to be returned to the company after experiment or whenever asked by the company)
    - Access to Railway and other Sites
    - Travel expenses for experimentation/testing/meetings
    - Additional man power, if required (but they will be in the roles of company)
  - ❖ Oxford College of Engineering will provide lab premises for the R&D activity along with the necessary Infrastructure.
  - ❖ The services of Dr. Preeta Sharan and Mr. Anup M Upadhyaya towards R&D / Lab Visit/ meeting/ conference and attending workshop in this R&D Project.
  - ❖ There shall be no financial Implications on the part of TOCE.
  - ❖ This MOU shall be valid for a period of two years from the Effective Date and can be terminated by a notice of six months by either party. As per the need the MOU will be revised for further duration with same terms and conditions or mutually agreeable modifications.
5. IPR ( Intellectual Property Rights ) : Generated IPR, though this joint R&D, will be owned by Lab To Market Innovations Private Limited as funding will be done by the company.

6. Benefits:

- ❖ Contributing to Railway Safety Systems
- ❖ Enriching the faculties and students in fibre bragg grating technology and to develop research interests among the same.
- ❖ Improves Infrastructure and upgrades electronics lab and department in application of optical technology.
- ❖ Helps in student training, internships and projects.
- ❖ Collaborative research will always be helpful for TOCE in accreditation with respect to NBA, NAAC etc.
- ❖ Industry partnership for collaborative research is required to obtain research grants.
- ❖ Greatly improves the profile of the college.

### Memorandum of Understanding

**EFFECTIVE DATE:** This MOU is executed on 6th Feb 2020

Between

**PARTY 1:** [Primary applicant: Academia's particulars] The Oxford College of Engineering, Bangalore represented by Dr. A. S. Aravind, Principal.

And

**PARTY 2:** [Collaborator: Industry particulars] Lab to Market Innovation Pvt. Ltd, Indian Institute of Science Campus, Bangalore represented by Mr Sreenivasa Rao Ganapa, Ex IRSSE (Indian Railway Services), Founder and MD.

#### **DETAILS OF MOU:**

1. **OBJECTIVE:** To promote Industry-Academia Interaction through Joint R&D on developing safety systems for Railways.

#### 2. **SCOPE OF WORK:**

- To develop the necessary laboratory facility and infrastructure required to carry out the R&D activity.
- To carry out joint research in order to gain deep understanding of the science and technology behind Fibre-Bragg-Grating (FBG) based system.
- To develop FBG based safety systems for railways and other applications.

#### 3. **ROLES & RESPONSIBILITIES:**

- A. Both parties agree to work towards achieving a/m objectives.
- B. Strengthen research at both UG and PG levels.
- C. Meet regularly to review and evaluate the progress and work diligently towards successful completion of the project.
- D. Work out new ideas for future collaborative activities.

4. Terms and Conditions:

- ❖ Lab To Market Innovations P LTD will arrange / provide:
    - Lab facility such as testing FBG, Interrogator ( to be returned to the company after experiment or whenever asked by the company)
    - Access to Railway and other Sites
    - Travel expenses for experimentation/testing/meetings
    - Additional man power, If required (but they will be in the roles of company)
  - ❖ Oxford College of Engineering will provide lab premises for the R&D activity along with the necessary Infrastructure.
  - ❖ The services of Dr. Preeta Sharan and Mr. Anup M Upadhyaya towards R&D / Lab Visit/ meeting/ conference and attending workshop in this R&D Project.
  - ❖ There shall be no financial Implications on the part of TOCE.
  - ❖ This MOU shall be valid for a period of two years from the Effective Date and can be terminated by a notice of six months by either party. As per the need the MOU will be revised for further duration with same terms and conditions or mutually agreeable modifications.
5. IPR ( Intellectual Property Rights ) : Generated IPR, though this joint R&D, will be owned by Lab To Market Innovations Private Limited as funding will be done by the company.

6. Benefits:

- ❖ Contributing to Railway Safety Systems
- ❖ Enriching the faculties and students in fibre bragg grating technology and to develop research interests among the same.
- ❖ Improves Infrastructure and upgrades electronics lab and department in application of optical technology.
- ❖ Helps in student training, internships and projects.
- ❖ Collaborative research will always be helpful for TOCE in accreditation with respect to NBA, NAAC etc.
- ❖ Industry partnership for collaborative research is required to obtain research grants.
- ❖ Greatly improves the profile of the college.

## A report on Automatic mask and Medicine vending Machine with automatic hand sanitizer and refilling for COVID-19

The project is very useful & innovative to face today's problem what people are facing with corona virus and can maintain precautions regarding the same. In this project ultraviolet rays play an important role to kill the corona virus and thereby helps to minimize the spreading of the same.

**Faculty Coordinator's:** Mr. Bhargav Rama Gowd, Assistant Professor, Dept. of ECE; Ms. Laya Tojo, Assistant Professor, Dept. of ECE; Ms. Lakshmi H, Assistant Professor, Dept. of ECE.

### Types of Manuscript

- Reviews:** These provide concise and precise updates on the latest progress made in a given area of research. **Systematic reviews** should follow the standard process on how to select **keyword/searching/target research/exclusion/inclusion**. The recommended length of a Review is more than 20 journal pages.
- Articles:** The journal considers all original research manuscripts, provided that the work reports scientifically sound experiments and provides a substantial amount of new information.  
**How many paper from one research?** Authors should not unnecessarily divide their work into several related manuscripts.  
**Number of Pages: standard 12 to 16 pages**
- Letters:** A Letter is a brief disclosure of a significant new sensing concept or application and will be considered on an accelerated schedule. The recommended length of a Letter is 4 to 10 journal pages (depending on Journals, IET/IEEE accept 4 pages, while open access allows 10 pages).

**LETTER OF INTENT FOR COLLABORATION  
BETWEEN  
UNIVERSITI KEBANGSAAN MALAYSIA  
AND  
The Oxford College of Engineering, Bangalore, India**

In order to promote the mutual interests between the parties, Universiti Kebangsaan Malaysia represented by its Faculty of Information Science and Technology, and The Oxford College of Engineering, Bangalore, India agree to exercise their best efforts to develop the research work, publication and funding application.

Both parties shall appoint a coordinator from each party for the development and management of joint activities.

Details for the implementation of specific projects will be mutually developed.

In the event where both parties wish to formalise the above mentioned collaboration, the parties may enter into a Memorandum of Understanding (MoU) or a Memorandum of Agreement (MoA) of which the MoA shall have a binding effect on both parties.

The undersigned being duly authorised thereto, have signed this Letter of Intent, on this 23<sup>rd</sup> day of October 2020.

## Memorandum of Understanding

**EFFECTIVE DATE:** This MOU is executed on dated 11<sup>th</sup> Dec 2020, between

**PARTY 1:** [Primary applicant: The Oxford College of Engineering, Bangalore] And

**PARTY 2:** [Collaborator: Sathyanarayana Renewable Energy Consultancy, Coimbatore]

### **DETAILS OF MOU:**

1. **OBJECTIVE:** Industry academia Joint R&D – EV & EVSE system

2. **SCOPE OF WORK:**

- To promote interest in research activities of the institution
- Carry out joint research and development in order to deepen the analysis and understanding of science and technology EV

3. **ROLES & RESPONSIBILITIES:**

A. To strengthen research excellence at faculty, both graduate and undergraduate student levels.

B. To meet periodically to review and evaluate the work carried and to work out new ideas for future cooperative agreements.

4. **Terms and Conditions:**

Parity 1 would provide

- Lab facility such as testing fabrication, simulation etc.
- Access to software/hardware and other Sites
- Travel expenses for experimentation/testing/meetings
- Additional man power, if required (but they will be in the roles of company)

College of Engineering will arrange / provide:

- The Services of name who is an expert person in EV and he/she will be the main contact person for this R&D.
- The services of RS who will contribute towards .....

College of Engineering has agreed to provide the service of PI/CO PI towards R&D / Lab Visit/ meeting/conference and attending workshop/ in this R&D Project.

This MOU shall be valid for a period of two years from the Effective Date and can be terminated by a notice of six months by either party. As per the need the MOU will be revised for further duration with same terms and conditions or mutually agreeable modifications.

5. **Benefits:**

- Contributing to EV & EVSE system
- Enriching the faculties and students in EV & EVSE technology and to develop research interests among the same.
- Enriching the knowledge of electronics lab in terms of EV & EVSE
- Training the skill set of the students in EV & EVSE Technology
- It will be helpful for students to go for higher study and also helps to get to job in the market of EV

## A Report on Entrepreneurship –Support for students pursuing Entrepreneurship”

**E-rickshaw** he maintenance issues related to e-rickshaws are quite less, which saves maintenance cost. E-rickshaws provide better employment opportunities to cycle-rickshaw drivers whose business is swiftly vanishing. Environmental benefits: E-rickshaws help mitigate air and noise pollution. Today, e-rickshaws play a vital role in providing livelihood to people in India. Due to their low *cost* and high efficiency they are accepted on the Indian streets, but government policies have been threatening the e-rickshaw and banned its use in the capital city Delhi, but failed to put them off the streets. It was very informative talk and very useful for the faculty and research community.

Faculty/students attending talk given by Dr.Devanayan

## Memorandum de Entendimiento

entre

**Oxford College Of Engineering, Bangalore, India**  
**Amity School of Engineering & Technology, Amity University,**  
**Lucknow Campus, India**

y

**Grupo de Investigación “Tecnologías de Información aplicado a las Ciencia de los Datos” – ITDTA, Universidad Nacional Mayor de San Marcos UNMSM, Perú**

**PRIMERO.** Por el presente Memorando de entendimiento manifestamos el interés de participar de manera colaborativa en las actividades de investigación entre el Grupo de Investigación **“Tecnologías de Información aplicado a las Ciencia de los Datos” - ITDTA**, grupo registrado en el RAIS-VRIP y reconocido mediante la RR No.05086-R-19 por la Universidad Nacional Mayor de San Marcos (UNMSM), cuyo coordinador es el Profesor investigador **Norberto Ulises ROMAN CONCHA** del Departamento Académico de Ciencias de la Computación de la UNMSM, con código Docente No.08954E, DNI No.08510560 , Subcoordinador de Machine Learning Profesor investigador Dr. CIRO RODRIGUEZ RODRIGUEZ del Departamento de Ingeniería de Software de la UNMSM, con DNI 06020241 y Código Docente No. 0A5230 y, de la otra parte, la Dr. **Preeta SHARAN** Profesor de Oxford College of Engineering, y la Dr. **Sumita MISHRA** Assistant Profesor de la Amity School of Engineering & Technology (ASET) Amity University, Lucknow Campus de la India.

**SEGUNDO.** Acordamos establecer esfuerzos académicos y de investigación en los siguientes puntos:

1. Desarrollo de Proyectos de investigación conjuntos (local, nacional o internacional).

2. Participación en eventos científicos en el área.
3. Asistencia técnica para el desarrollo de proyectos de Inv.
4. Publicación de artículos científicos a nivel de scopus y wos.
5. Formación de masa crítica de investigadores del GI en temas de Data Science, Machine Learning, Educational Data Mining, Big Data, BI, base de datos NoSQL y Aprendizaje Estadístico.
6. Intercambio de clases Ingles- Español
7. Publicación conjunta de papers, libros, guías y manuales.
8. Registro de patentes / derechos de autor de los productos desarrollados.

**TERCERO.** El presente Memorandum de entendimiento de cooperación será válido desde el momento de su firma y tendrá una vigencia de dos (2) años prorrogables por anualidades, con la salvedad que alguna de las Partes comunique a la otra su deseo en sentido contrario, por escrito y con treinta (30) días de antelación.

**CUARTO.** Que teniendo en cuenta los objetivos e intereses comunes descritos es oportuno acordar y poner en funcionamiento una "**Memorando de entendimiento**" que permita oficialmente una interacción, colaboración y cooperación activa en el desarrollo actividades de investigación y acciones de interés común. En consecuencia, las dos (2) partes acuerdan suscribir la presente carta a los tres (15) días del mes de enero del año 2021.

En prueba de conformidad con los términos contenidos en la presente Memorando de entendimiento, ambas partes firman en la ciudad de Lima, Perú (vía meet).

## MEMORANDUM OF UNDERSTANDING

between

**The Oxford College Of Engineering, Bangalore, India.  
Amity School of Engineering & Technology, Amity University,  
Lucknow Campus, India**

and

**Research Group "Information Technologies applied to Data  
Science" - ITDTA, Universidad Nacional Mayor de San Marcos  
UNMSM, Perú.**

**FIRST.** By this Memorandum of Understanding we express our interest in participating collaboratively in research activities between the Research Group RG "Information Technologies applied to Data Science" - ITDTA, group registered in the RAIS-VRIP and recognized through RR No. 05086-R-19 by the Universidad Nacional Mayor de San Marcos (UNMSM), whose coordinator is the Research Professor **Norberto Ulises ROMAN CONCHA** of the Academic Department of Computer Sciences of the UNMSM, with Code No. 08954E, ID No. 08510560, and the Sub group-coordinator of Machine Learning Professor Dr. **Ciro RODRIGUEZ** of the Department of Software Engineering of the UNMSM, with ID: 06020241 and Code No. 0A5230; and, on the other hand, Professor Dr. **Preeta SHARAN** of Oxford College of Engineering, and Astt. Professor Dr. **Sumita MISHRA** at the Amity School of Engineering & Technology (ASET) Amity University, Lucknow Campus, India. Assistant Professor, Mr. **Anup M Upadhyaya** of The Oxford College of Engineering, Professor, Dr **A Chrispin Jiji**, The Oxford College of Engineering, Bangalore, India.

**SECOND.** We agree to establish academic and research efforts on the following points:

1. Development of joint research projects (local, national or international).
2. Participation in scientific events in the area.
3. Technical assistance for the development of Inv projects.
4. Publication of scientific articles at scopus and wos level.
5. Critical mass training of IG researchers in Data Science, Machine Learning, Educational Data Mining, Big Data, BI, NoSQL database and Statistical Learning.
6. Exchange of English-Spanish classes
7. Joint publication of papers, books, guides and manuals.
8. Registration of patents / copyrights of the products developed.

**THIRD.** This MOU will be valid from the moment it is signed and will have a validity of two (2) years, extendable by annuities, with the exception that one of the parties communicates to the other its wish to the contrary, in writing and thirty (30) days in advance.

**FOURTH.** Taking into account the objectives and common interests described, it is appropriate to agree and put into operation the MOU that officially allows interaction, collaboration and active cooperation in the development of research activities and actions of common interest. Consequently, the two (2) parties agree to sign this letter on the third (15) day of the month of January of the year 2021.

In proof of compliance with the terms contained in this MOU, both parties sign in the city of Lima, Peru (via meet).

## A Report on Internship

I was a part of the one-month online internship on Embedded System Design and IoT organized by EdGate Technologies Pvt Ltd Bangalore under Texas Instruments India University program. In the course of the internship, we were taught Application Peripheral Interface (API) programming for Advanced RISC Machine (ARM) Cortex M4 based microcontroller. The architecture and performance of Texas Instruments Versatile ARM (TIVA) TM4C123GH6PM series 32 bit, 80MHz microcontroller was thoroughly understood including GPIO ports and system clock generation concepts.

## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) entered on the 7th day of April 2021 Between **Texas Review (SK Training and Consulting Services)** having its Corporate office, at 4th Floor, HM Zeta, 11th Main Rd, above Burger King, 4th T Block East, 4th Block, Jayanagar Bangalore - 560041 (hereinafter referred as "**Texas Review**") represented by its Partner, Mr. Kartheek Namburi

And

**The Oxford College of Engineering (ECE Department)**, having its CAMPUS at Bommanahalli, and represented by its **Head of the Department Dr. Manju Devi** (which expression shall mean and include its successors in office and assigns). Both parties, desiring to promote and develop co-operation in overseas admission, research and education, intend by this agreement to establish a program of educational co-operation, student and faculty exchange. This is an Exclusive Agreement for Overseas Education Consulting, Processing on Campus.

**The parties agree that Texas Review will provide the following services (but not limited) to the Final and Pre- Final year students as follows**

### **Appropriate course guidance & Universities selection**

**Texas Review** will help students in getting admissions with the best universities through our expertise. We have a team of experts at our corporate office who do continuous research on the education system of all countries. We will give them a list of Universities which will suit Students requirements.

+91 7022 878 969

bengaluru@texasreview.in

HM Zeta, 4<sup>th</sup> floor, 11<sup>th</sup> Main road, Aurobindo Marg,  
4<sup>th</sup> T block east, Jayanagar 4<sup>th</sup> block, Bengaluru,  
Karnataka- 560011.

### **Admission Process**

**Texas Review** will guide the students by providing them with the appropriate checklist of the documents needed and A to Z guidance pertaining to the Admission.

### **Coaching Services**

**Texas Review** will provide On Campus Coaching Facilities for courses like **GRE, GMAT, TOEFL, IELTS, PTE, SAT, CRT and CAT etc.**, provided there is a batch of 30 or more students.

### **Liaison with Foreign Universities and Colleges**

Texas Review will work on collaboration between foreign Universities and the Colleges for the following on the need basis

1. Student Exchange Program
2. Faculty Exchange Program
3. Twinning Program
4. Creation of HELP DESK in the Campus for student's operational convenience.
5. Foreign Delegates Visit/Seminars
6. Educational Tours etc.

### **British Council IELTS Partnership Program**

Texas Review is the Platinum Plus Partner with British Council and has been awarded for highest number of IELTS test registrations in South India. We help colleges for the membership scheme with the following benefits

- Wide range of learning resources for your students
- Range of support services and other resources from the British Council
- Certificate from the British Council recognizing your organization
- Exclusive access to use the following straplines in your marketing communications: 'IELTS registration Centre for the British Council' or 'Member of the British Council IELTS Partnership Program'.
- Registration fee of Rs.400 for every registration made through the British Council Online Registration System for Members
- British Council IELTS branding at the premises
- Exclusive orientation and presentations for your students
- **IELTS test centre at your campus premises for your students – Based on a minimum number of 100**

### **Sponsorship for College Fests**

Texas Review will sponsor on need basis for college events

### **Program Coordinator**

The Head of the ECE Dept of The Oxford College Of Engineering shall appoint a "Program Coordinator" for the duration of the program, who shall liaise with Texas Review and make the training process learner-friendly and effective. Texas Review shall work in close relationship with the Program Coordinator, who in-turn shall keep a close touch with the students. In the event of any difference of opinion between Texas Review and the Program Coordinator, the matter should be referred to the HOD ECE Dept, whose decision thereon shall be final and binding on both the parties.

### **Commencement Of Course**

The Oxford College Of Engineering (ECE Dept.)will ensure that the one Seminar & first course will start within 45 (forty five) days from the date of signing of MOU.Texas Review will ensure that the courses will commence from **(25/05/2021)** on intimation from ECE Dept.However, exception can be made due to reasons mentioned in the Course Completion Clause or due to delay on ECE Dept's side.

### **Course Fees & Payment Pattern**

The course fee per student for each course offered is decided and mutually agreed upon by both the parties. The course fee and the payment pattern are available in the ANNEXURE – 1. The student shall pay the course fee directly to ECE Dept before the start of the course. ECE Dept will make payment by Cheque/DD/Cash payable at Bangalore Jayanagar Branch in the name of

**SK Training and Consulting services** as per the schedule detailed in ANNEXURE - 1.No refund is entertained to the student once the student is registered for the course.

### **Course Completion**

While Texas Review will endeavor to complete the course as per the schedule mutually agreed upon and mentioned in Annexure 1. Texas Review will not be responsible and accountable for delay in completing the course due acts of nature, unforeseen circumstances and reasons which are beyond the control of Texas Review.However, students can complete the same course in any of the Texas Reviews branches within one year from date of enrolment. In case of dispute the decision of the Head of ECE Dept of The Oxford College Of Engineering shall be binding on both the parties.

**Jurisdiction**

All matters, queries, disputes or differences, whatsoever, arising between the parties touching the construction, meaning, operation or effect of this Memorandum of Understanding or out of or relating to this Memorandum of Understanding or breach thereof shall be settled through arbitration in accordance with the relevant Arbitration Act in force at such time. The Arbitration award shall be binding on both parties.

**Validity**

Both The Oxford College Of Engineering (ECE Dept.) and Texas Review shall have the rights to terminate this MOU by providing **THREE** months notice in writing on their respective letter head only after a minimum period of one year from the date of signing this agreement. Termination of this MoU for whatever reason shall be without prejudice to the rights of either party and of the students and the ongoing academic program. This Memorandum of Understanding will be valid for a period of Three years. This Memorandum of Understanding shall come into effect from the date of agreement aforementioned.

***DEPARTMENT OF BUSINESS ADMINISTRATION***  
**THE OXFORD COLLEGE OF ENGINEERING**

**27<sup>th</sup> February, 2021**

Young dynamic entrepreneurs got an opportunity to bring out and showcase their entrepreneurial talent vis-à-vis the Young Entrepreneurs E-Mela was organized by MBA Department , The Oxford College of Engineering on the 27<sup>th</sup> February,2021 in the college premises.

Entrepreneurship-Mela was successfully conducted by Mr. Manoj.D, Founder- Plants Zone, Bangalore in MBA department, The Oxford College of Engineering.

The E-mela began at 10.00 a.m by a short inaugural programme. Officiating HOD-MBA Dr. RV Dhanalakshmi declared the E-mela open. in the presence of staff & student participants .

The E-mela was adorned by the presence of our invitees. The staff as well as non-teaching staff of our college provided tremendous support to the nascent entrepreneurs during the E-mela.

Activities in E-mela

There were 89 students and were of the opinion that the event was very helpful in transmuting their thoughts into product / service which was conceivable because of a real time event like E-MELA which gave them the chance to show their business wisdom.

The students had set up kiosks which were with full of inventiveness in their way of presentation. The stalls had ranges of Hand-made ornaments that resembles the culture of India.

Students participating in E-Mela

There were other products also that were well promoted which assisted the students know what a actual trade is and it gave them a real knowledge of being an businessperson.

Entrepreneurial Activities done by students

Students in E-mela stalls

**A REPORT ON**

**GUEST LECTURE**

**on**

**IoT & ITS ROLE IN INDUSTRY**

**Organized by**  
**GenEd TECHNOLOGIES, BANGALORE**

***DEPARTMENT OF BUSINESS ADMINISTRATION***  
**THE OXFORD COLLEGE OF ENGINEERING**

**29<sup>th</sup> December, 2020**

A Guest Lecture on “IoT & ITS ROLE IN INDUSTRY” was successfully conducted by Mr. Nandiswar, Technical Expert & Trainer, GenED Technologies Bangalore on 29<sup>th</sup> December, 2020 in MBA department, The Oxford College of Engineering.

The industrial internet of things (IIoT) refers to interconnected sensors, instruments, and other devices networked together with computers' industrial applications, including manufacturing and energy management. This connectivity allows for data collection, exchange, and analysis, potentially facilitating improvements in productivity and efficiency as well as other economic benefits.[1] The IIoT is an evolution of a distributed control system (DCS) that allows for a higher degree of automation by using cloud computing to refine and optimize the process controls.

Guest Lecture by Mr. Nandiswar

Mr. Nandiswar mentioned that, Today, the world is on the nib of digital conversion where businesses across assorted industries are progressively looking to systematize their business processes. The transformation has come a long way, foremost enterprises to the new industrial rebellion . The evolution of this engineering revolution makes it possible to garner and assess data across apparatuses, enabling faster, sprightlier, and more proficient processes to create higher-quality goods cost-effectively.

The manufacturing industry is already used unconventional digital technology. But Industry 4.0 technology is poised to transform the sector from the bottom. This will lead to greater productivities and alter bequest production systems. In this evolution of production systems, the

Internet of Things (IoT) plays a major role, enabling workers on the production ground to control more smart devices that can make their work smoother and more dynamic.

Students interaction with Mr. Nadiswar

Further he specified that, IoT devices and embedded systems become more and more lush in our daily lives as the fourth industrial revolution and home automation activities gather more tug. With brainpower driven by IoT, devices can be programmed to perform in aggregation to generate productions on an association line. It can accumulate data according to the environment and equipment that enables fail-safes and smart technologies to be put in place that provides the ability for proactive maintenance or automated recovery after failures.

So, according to him v, the way humans work in industrial and production settings may get changed as IoT devices will continue to rise. Advancements and new breakthroughs in this technology will impact the supply chain management across industry verticals.

105 MBA students were present and the session was highly appreciated by them.

**Organized by**  
**COMBINED GROUP OF SCIENCE & TECHNOLOGY, BANGALORE**

***DEPARTMENT OF BUSINESS ADMINISTRATION***  
**THE OXFORD COLLEGE OF ENGINEERING**

**6<sup>th</sup> February, 2021**

The Oxford College of Engineering in association with COMBINED GROUP OF SCIENCE & TECHNOLOGY, BANALORE organized a workshop on “ONLINE DATA COLLECTION METHODS NAD ITS IMPACT ON DATA INTERPRETATION” on 6<sup>th</sup> February,2021 in the college premises.

The Workshop began at 10.00 a.m by a short inaugural programme. Officiating HOD-MBA Dr. RV Dhanalakshmi in the presence of staff & student participants invited the speaker for the workshop Dr.Manjunath, COMBINED GROUP OF SCIENCE & TECHNOLOGY, BANGALORE .

Guest Lecture by Dr.Manjunath, Combined Group of Science & Technology, Bangalore .

Today businesses and organizations are connected to their clients, customers, users, employees, vendors, and sometimes even their competitors. Data can tell a story about any of these relationships, and with this information, organizations can improve almost any aspect of their operations. Although data can be valuable, too much information is unwieldy, and the wrong data is useless. The right data collection method can mean the difference between useful insights and time-wasting misdirection.

## Highlights of the Speaker Presentations:

**Students attending Guest Lecture**

The steps that need to follow for accurate online data collection:

**Select the right data source:** The data source here is your panel members, who are a group of individuals who will be responding to the questionnaire or surveys sent by you. Make sure your research panel is well versed in the field in which the questions are asked. Selecting the right panel is the key to accurate data.

**Establish a sufficient revert time:** It is true that online data collection is faster than other conventional methods, but it is also equally important to give sufficient time to your research panel to revert to the questionnaire or the survey. A timeline added to the questionnaire helps respondents understand the urgency of the survey.

**Customize your survey or questionnaire:** While sending out the questionnaire or the survey to your research panel, as a survey creator, you should customize the survey. Remember not to keep the survey too long. Avoid asking confusing questions. Make sure that the questions can be well read on hand-held devices.

**Be careful when requesting sensitive data:** Online data collection makes the respondents feel less uncomfortable when they have to give an opinion on politics, religion, sex and other related topics. Since there is no face to face interview, there are chances that your respondents will provide accurate information. But you need to make sure that this sensitive information is used in the right manner. For this, a disclaimer should be provided before collecting the data.

**Displaying data online:** Once all the data is collected, you need to be careful what percentage or what kind of data can be displayed in public. Your respondents need to be anonymous and their privacy should be of the primary importance. Therefore as the data collector, you have to determine to draw that line.

Students doing exercise given by Dr. Manjunath

To sum up, online data collection has become a more favorable process in recent times. Advantages like, it's less time to consume, more accurate and authentic make it a more reliable choice. Remember, a good research panel always helps to yield a good data.

There were 101 MBA students and were of the opinion that the event was very helpful.

**CIRCULAR**

Dear all MBA students, there will be an Expert talk on “**Covid-19 and its impact on Job Searching**” organizing by LUCIO IT SERVICES, BANGALORE in association with department of MBA. The details are as follows:

Date: 13<sup>th</sup> February, 2021

Venue: Seminar hall, 6<sup>th</sup> floor, The Oxford College of Engineering

Resource Person: Mrs. Priyanka, Job Consultant & Trainer from LUCIO IT Services, Bangalore

All are informed to participate.

**A REPORT ON**

**TALK on**

**COVID-19 & ITS IMPACT ON JOB SERCHING**

**Organized by**  
**LUCIO IT SERVICES, BANGALORE**

***DEPARTMENT OF BUSINESS ADMINISTRATION***  
**THE OXFORD COLLEGE OF ENGINEERING**

**13<sup>h</sup> February, 2021**

The Covid-19 outbreak in India and the subsequent nationwide lockdown from March 25 altered the landscape of the country's employment sector. With close to 10.9 million jobs being lost across sectors, 2020 was termed the worst-ever year for the job market in India. Job search portals are seeing an increase in work from home (WFH) postings by recruiters, as the covid-19 crisis has balanced the demand-supply equation.

MBA Department, The Oxford College of Engineering in association with LUCIO IT Services organized a talk on "COVID-19 & ITS IMPACT ON JOB SEARCHING" . Mrs.Priyanka, Job Consultant & Trainer from LUCIO IT Services, Bangalore addressed the gathering of 69 MBA students.

Mrs. Priyanka talks with students

She mentioned that, as per news in "Financial Express" Coronavirus pandemic brought the economy of India to a halt over the past one year, and numerous people have lost their jobs, especially women. A recent study in Delhi found that in eight months, the unemployment rate in the national capital increased by 17%, with about 83% of women respondents choosing to permanently opt out of participating in the workforce.

Students attending talk

A similar trend has been observed throughout the country and this at a time when the participation of women was already declining in the workforce with each passing year.

Students attending Expert's talk

She specified that about COVID-19 impact on unemployment rate in India 2020-2021- Unemployment went up to nearly 24 percent in April 2020. This was possibly a result of a decrease in demand as well as the disruption of workforce faced by companies. Furthermore, this caused a GVA loss of more than nine percent for the Indian economy that month.

**Date and Time : 10<sup>th</sup> March 2021 [ 02:00-03:30 PM]**

Title : System Applications and Data Engineering Opportunities for MCA Students

He have explained the company Opportunity for Our Students in Global scenario . He have explained the various techniques to be followed for completing the System . He have explained the company Recruitment process for Our Students Concepts . He have explained the various outcomes of above Process .

The Oxford College of Engineering and **M/s. Ureka Group**

We have conducted in the association and explore long term collaboration opportunities between both parties to

- Through the above program they support development of employability enhancing skills and traits that lead to overall success of students.
- They have promote a global mindset through hands-on experiences and exposure to best practices from the best institutions in the world.

They have create Placements engagement and development opportunities for students

The above Program goals will be accomplished by undertaking the following students participated as follow .

Class and semester: 4 Semester MCA

Section: A Sec

## The Oxford College of Engineering Department of MCA

### Talk on Final Year Project Internship Guidance

Name of the Guest Speaker : Mr. Nausad Akhtar , Project Manager

Title : MCA Final Year Project Internship Training Opportunities

Under the MOU of Dept of MCA and The Oxford College of Engineering and  
**M/s. WebBizz Technology**

We have conducted in the association and explore long term collaboration opportunities between both parties to

- Through the above program they support development of employability enhancing skills and traits that lead to overall success of students.
- They have promote a global mindset through hands-on experiences and exposure to best practices from the best institutions in the world.

They have create Placements engagement and development opportunities for students

The above Program goals will be accomplished by undertaking the following students participated as follow .

Class and semester: 6<sup>th</sup> Sem

To  
The Principal,  
TOCE, Bangalore.

Date: 21/03/21

Dear Sir,

Sub: List of instruments taken to survey camp.

Sl. No.	Name of the instrument	Number of instruments taken to the camp
1	Dumpy level	9
2	Theodolite	8
3	Prismatic compass	6
4	Ranging rods	36
5	Levelling staff	10
6	Tape	8
7	Plane table stand	7
8	Dumpy level stand	12
9	Alidade	7
10	Plumbob	7
11	Screw	10
12	Trough compass	4
13	Spirit level	7
14	Plane table boards	8
15	Drawing boards	7
16	Compass stand	5

Thanking you,

Yours sincerely,

**Head of the Department**  
Department of Civil Engineering  
The Oxford College of Engineering  
Bangalore - 560 068.

Following instruments  
are handed over to camp  
officer

T.O.C.E.,  
Bengaluru - 560 068

Dear Sir,

**Sub:** Settlement of Accounts of Extensive survey Project at Kaiwara - January 2019

Please find the expenditure statement enclosed,

1. Room rent for students & instruments :

[8014 - 40,000/-]  
[8085 - 24,500/-]  
[6169 - 10,000/-]

Rs 65,500/-

2. Staff DA & conveyance as per vouchers enclosed  
3,000+3350+3300+2100+2,100+2,100+2,950

Rs 18,900/-

3. Local conveyance for carrying instruments to project site (3 Km from KAIWARA)  
{Vouchers to Malleshaiah Dated 12/02/2018}

Rs 5,000/-

**TOTAL** Rs 89,400/-

Amount received Rs 98,900/-

Balance to be returned Rs 9,500/-

Rs 9500/- deposited to  
TO CE fine A/c [181801011000570]  
on 1/3/18. challan enclosed  
1/3/

## Certificate of Internship

This is to certify that Mr. M Purushotham Rao (Reg. No. 10X17BT023), BE student of Biotechnology at The Oxford College of Engineering, Bengaluru, India successfully completed 3 months (October 1, 2020 to December 30, 2020) long industry internship at Nyro Research India Private Limited under my supervision. His internship activity includes a) familiarizing to different Bioinformatics methods related approaches, and b) understanding the methods in disease target identification, molecular modelling, molecular dynamics, QSAR, docking, research methodologies, presentation skills and scientific writing.

During the phase of his internship program, he learned and worked on softwares like AutoDock, PaDEL, MODELLER, NAMD and commercial softwares like StarDrop, SeeSAR and FlexX. He had been exposed to different situations to meet deadlines on submissions of weekly and progress reports including bi-weekly technical presentations. During his tenure at Nyro Research India we found him punctual, hardworking and inquisitive.

We wish him every success in his life and career.

Evaluation of the Internship : Excellent  
Comments on the student's performance  
noting strengths and weaknesses :Hardworking

## INNOVASKILL TECHNOLOGIES PRIVATE LIMITED (ITPL)

CONNECTING RESEARCH WITH PRACTICE

### Internship Completion Certificate

13<sup>th</sup> April 2021

We are glade to inform you that **Manish Chandra V** from **The Oxford College of Engineering Bengaluru**, has successfully completed internship at ITPL from **10<sup>th</sup> March 2021 to 12<sup>th</sup> April 2021**.

**Topic: Internship on "Automation Engineer"**

During the internship, he was exposed to the various activities in PLC.

We found his extremely inquisitive and hard working. He was very much interested to learn the functions of our core division and also willing to put his best efforts and get in to the depth of the subject to understand it better.

His association with us was very fruitful and we wish him all the best in his future endeavours.
